Subject: Re: "Fraud Chamber Koolaide Ball" get your tickets to thank Bill Miles / crook Lawyer David Tigges / Paula Bethea for robbing us blind.

To begin the 3 crooked lawyers tied to the Chamber and crooked Town manager and lawyers, are crook Burr Foreman / McNair Law firm lawyers David Tigges, Walter Nester and Melissa Azallion former McNair Lawyers now with the new Burr Foreman law firm..

have sent a Foia to all Beaufort county officials asking for names of all those given free tickets to attend the fraud Chamber Ball and names of all those who illegally misused our general tax money to join all the Chambers as Town members of these private non profit corporations that is not for the public good, use, purpose and benefit. These chambers are supposed to be for the good of the private business members, however the crooks and thieves Bill Miles, Lawyer David Tigges and Paula Bethea have seized control away from the members, to secretly steal millions of our tax funds. They all need to be investigated by the fbi, arrested and sent to prison.

Anyone, not just members can buy tickets to chamber ball and anyone can buy advertising from this corrupt crooked Chamber run as a fraud for profit disguised as a 501-c6 non profit community chamber, when will our leaders and Law enforcement accept this reality and stop this fraud, theft, embezzlement, laundering and unconstitutional misuse of millions of our tax funds?????

To begin Lawyer David Tigges is a corrupt, lying, crooked, thief, fraud and needs to be investigated along with crooks Bill Miles and Paula Bethea by the Fbi, AG and Irs. Once he is investigated he will be arrested, convicted, disbarred and put in prison. Let's see if SC law enforcement acts and does it's job ??? My harsh honest words are not near as damaging as these crooks actions and harm to others. Fraud Paula Bethea and he abuse of fraudulent recognition of citizen of the year award is as crooked as it gets, especially using the good names of deceased citizens for her ongoing robbery with Crooks Tigges, Miles and the thieving embezzlement accountants Ray Deal, Ray Warco, Bobby Creech and thieving Town Manager Steve Riley and illegal criminal town lawyers Gregg Alford and Brian Hulbert.

If you attend this fraud Chamber Ball, also thank all the crooked chamber board members and crooked sponsors Hargray, Verb Interactive in Canada and Crook Lawyer Tigges of Burr Foreman McNair, Chris Corken Prudential Insurance, Tom Upshaw Past Palmetto Electric Crook and his fraud crook wife Jane Upshaw Past Usbc employee for supporting and financing fraud. Coastal Plains Insurance, ask the new owner why he supports crook Bill Miles, and why all these people keep supporting and helping this tax theft chamber continue as is. The other sponsors tricked, lied to and will be contacted. Ask how many crook politicians got free tickets quid pro quo and thank them for supporting this fraud as well. Ask Bill Miles if he will show you the accounting as a chamber member/ owner/ investor. Look at sponsor Verb the Canadian company getting over 1m of our tax money to develop a app and website to steal our money and violate Irs Ubit taxes and was caused by Bid rigging by Paula Bethea and Susan Thomas.

Crook lying thief lawyer David Tigges calls this chamber ball the members annual meeting under Irs non profit 501-c6 corporation guidelines, this is a fraud and lie.

Please attend this Party as Bill Miles will need more money to steal to hell pay his legal defense, after he is arrested for fraud, tax evasion, embezzlement and theft, along with David Tigges, crook embezzlement accountants, and past lying crooked SC lottery commissioner Paula Bethea.

Subject: Former Beaufort Co. SC superintendent Jeff Moss ethics complaint | Island Packet

Former Beaufort Co. Superintendent Moss is the subject of another SC ethics complaint

December 11, 2018 7:39 AM

For the second time in three years, former Beaufort County schools superintendent Jeff Moss has been named in a state ethics complaint, according to documents obtained by The Island Packet and The Beaufort Gazette.

The complaint, filed sometime this year with the S.C. State Ethics Commission, is related to unspecified expenses charged to the district during Moss' tenure.

It was unclear Monday who filed the complaint or whether the commission has decided to hold a hearing about the matter.

In an email Friday, Meghan Walker, a spokesperson for the ethics board, said the commission "can neither confirm nor deny the existence of a complaint."

Moss, currently under investigation by the FBI for financial transactions, contracts and projects he oversaw as superintendent, stepped down from the district

<<https://www.islandpacket.com/news/local/education/article215356065.html>> July 31. As part of his settlement agreement with the Beaufort County Board of Education, he received an estimated \$280,000

<<https://www.islandpacket.com/news/local/education/article211806549.html>> .

The board also agreed to defend Moss in any legal proceeding brought against him in his official capacity as superintendent based on the understanding that he was "acting in good faith and within the scope of his employment."

This past fall Moss asked the school board to foot the bill for his legal representation in both the federal investigation, as well as his latest ethics commission complaint, according to the documents obtained by the Packet and the Gazette.

No charges have been filed in either case.

In a Nov. 12 letter to school board, board attorney David Duff advised members that at this point neither case meets the criteria outlined in Moss' settlement agreement with the board for his legal reimbursement.

When and if the ethics commission decides to hold a hearing, "... there would still be a question of whether Moss was acting in 'good faith' and 'within the scope of his employment,'" Duff wrote in the letter.

After meeting behind closed doors Nov. 13, the board voted to deny Moss' request.

Although the motion only stated that the board was denying "a request from an employee to represent him/her in a legal matter," board chairman Earl Campbell confirmed Thursday that the employee was Moss and that the legal matter was an "issue with the ethics commission."

The Nov. 12 letter did not state how much Moss' legal expenses for the ethics complaint might cost the district, however emails from Moss sent in September to board chairman Earl Campbell show that Moss requested \$35,000 to have former U.S. Attorney Bart Daniel to represent him in the FBI investigation.

Moss did not respond to a phone call seeking comment Monday.

Reached by email Monday evening, however, Moss responded: "I don't know where you have received your information, but any disclosure of information which is considered confidential as it relates to the ethics commission and, Section 8-13-320 (9) and (10), must not be willfully released or disclosed. If disclosed it will be reported to the state as a violation and the party making the disclosure will be held accountable."

In August 2016, Moss admitted to two ethics violations related to the hiring of his wife for a high-paying district-level job <<http://www.islandpacket.com/news/local/community/beaufort-news/article94286377.html>> and requested then that the board cover his legal fees, the cost of which was never revealed.

During the 2016 investigation, however, Moss withdrew his request for reimbursement <<https://www.islandpacket.com/news/local/community/beaufort-news/article103077137.html>> "in an attempt to return back to what I know we are all here

for, and that's improving the educational opportunities for all 22,000 kids we serve each and every day," he said.

I understand confidentiality guidelines, which were recently explained to Board members in a video conference with a representative from the SC Ethics Commission (Megan Walker). Mr. Campbell was present for this presentation, which discussed ethics complaints, SEI filing guidelines, campaign filings, etc.

I can only assume you were unaware of HRS 10 when advising the Board on this matter in regard to a vote.

Dave,

FYI: Maggie Angst (Island Packet Education Reporter) contacted me early Friday morning (12/7). Maggie conveyed she'd spoken with Earl after the SIC/Board meeting the night before. Their exchange included the results of the recent FOIA request(s) the newspaper

Maggie has a recording of her exchange with Earl.

It is unfortunate Dr. Moss opted to share the existence of an ethics investigation, along with the complainant's name, with Mr. Campbell and Mrs. Cushingberry via email. The BCSD has a set of guidelines employees must abide by when seeking legal assistance. (See administrative regulation HRS-10, last revised April 2017)

If you have any questions, I'd speak with Mr. Campbell and/or the Island Packet.

You might remember from this time last year how four Hilton Head Island High School students won the world 2018 Zero Robotics International Space Station competition at MIT (news release attached). Last year they entered the championship finals in Boston as the No. 1-ranked team in the world. This year, they enter the finals as the No. 2-ranked team in the world. The team leaves for MIT this weekend, and Media Production Coordinator Ron Lopes caught up with the kids as they prepared once again for the world stage. Next Monday's finals will be broadcast live from Boston and also in earth orbit from the International Space Station. Very cool stuff:

Subject: Amanda O'Nan

Dear School Board and Dr. Berg,

I am writing to inquire about the expediency of the investigation in Ms. O'Nan, which seems to be lagging. ~~_____~~ I along with many others would appreciate having Ms. O'Nan reinstalled into her position as quickly as possible. Understanding that the Board just approved hiring an outside attorney to look into this matter within the last two weeks, I would hope that the matter can be resolved quickly.

I would also however, like to inquire about the handling of other cases within the school district that revolved around an employee's personal behavior. Is the school district prepared to say with certainty and truthfulness that all of these cases have been handled with an eye toward parity? It would seem possibly not. Is the school district able to say that personal animosity within the HR Department is not driving some of the behavior of the School District and Board towards Ms. O'Nan?

I personally could care less about Ms. O'Nan's private life, but I care very much about her ability to successfully lead ~~_____~~ school with devotion and professionalism. If you're going to hang your hat on ethical behavior failings, then perhaps you might look at the Board's response to Jeff Moss's behavior, and the fact that he was allowed to remain in his position for years after acknowledging much more serious unethical behavior. And perhaps you we might all realize that we do indeed fall short in our behavior at times – and what a positive lesson to teach our students about forgiveness and moving forward, especially after the lesson they learned from the District's behavior after the Moss fiasco.

I can assure you that as the District and especially the Board tries to repair its damaged reputation with the community and makes plans to put forth the much needed Referendum yet again, that a botched response to this situation will lead to a fury in Hilton Head that will not serve you well at the polls. The community has been quite clear about it's preference with regard to Ms. O'Nan. Perhaps you might find the wherewithal to listen this time.

Sincerely,

Anne Ballance

The information you distributed here in your email to the New Board members is outdated and incorrect.

On June 19, 2018 the BOE approved by majority vote (7/3/1):

"

the Board authorize the officers to engage outside legal counsel to facilitate the business of the Board as needed. A list of acceptable options will be developed by the Board."

Minutes are attached and highlighted.

The Board voted in support of the following motion at its 8/15/17 meeting (see attached minutes and video link). This Board action was discussed at length and has never been changed nor rescinded. And though the action was never memorialized as a Board policy (a task for the new Ad Hoc Policy Committee?), it is binding, nonetheless.

Final Motion: (7-3)

Use of outside counsel by the Board and/or its officers will be by majority vote of the Board.
