### 1) Equal Opportunities Policy – Pupils

Equal Opportunities is about giving all our pupils every opportunity to achieve the highest of standards. Teachers are rightly concerned when children underachieve and are aware that educational outcomes may be influenced by factors which are outside the control of the School.

The School has a responsibility to promote good relationships and mutual respect. We do this by taking account of pupils' varied experiences and needs. We offer a broad and balanced curriculum, and have high expectations of all our pupils. Classroom activities will encourage interaction between pupils and show no bias, thus enabling them to appreciate alternative perspectives, approaches and learning styles. The achievements, attitudes and well-being of all our pupils matter.

We endeavour to ensure that this approach is inherent in all aspects of a pupils' pastoral, academic and co-curricular provision and in our policies on admissions, curriculum, PHSE and spiritual development. We seek to provide a supportive and structured environment where pupils and staff can interact with each other without the threat of any prejudice or discrimination.

Stonar School seeks to foster the self-esteem and confidence of all its students and to help them to develop their potential. All pupils are valued and are encouraged to participate in all aspects of school life.

The equal opportunities policy involves the whole School from the Nursery to the Sixth Form, including directors, teaching and support staff.
