## Centerville Families,

Two days left until our Thanksgiving Break! I know all our students and teachers are ready! We have so much to be thankful for as we wrap up for our Thanksgiving Break.

Thank you to our amazing elementary school students, families, and teachers for all the hard work they have put into learning so far this year. Thank you to our volunteers who work directly with our teachers to help struggling students. A special thank you to our Occupational Therapist, Educational Psychologist, our School Counselor, Speech Language Pathologist, School Technology Specialist, Special Education teachers, our Reading Coach, PE Specialist, Computer Specialist, STEAM Specialist, Teacher Assistants, Office Staff, Food Service workers, and Custodial Staff. Our specialists work tirelessly behind the scenes, but their work is essential as we educate kids. Thank you for your service!

Please remember that we have two full days of school before our break. Thanksgiving Break begins on Wednesday, November 24, and ends Friday, November 26. School resumes on Monday, November 29.

There is much to be thankful for this year, at the very top of our list is our Centerville Community. I hope all our families have a wonderful holiday filled with the happiness and gratitude of the holiday season.

“Having a young child explain something exciting he has seen is the finest example of communication you will ever hear or see.” – Bob Talbert

Mr. Holmes.

## [Should I send my student to school?](#)

There are a lot of illnesses going around. If your student seems:

- Appears severely ill
- Fever – temperature of 100 or above until temperature is normal for 24 hours without fever reducing medication.
- Marked drowsiness or feeling of discomfort as seen early in an illness. Student just doesn't feel well.
- Muscle pain
- Difficulty breathing
- Headache
- Loss of sense of taste or smell
- Diarrhea – defined as an unusual number of stools or unusual liquid consistency of stool compared to student's normal pattern.

- Blood in stools – not explained by dietary change, medication, or constipation.
- Vomiting/nausea – more than 2x in 24 hours.
- Severe abdominal pain – that continues for more than 2 hours.
- Mouth sores with drooling
- Rash with fever
- Sore Throat – if white spots can be seen in the back of the throat or if fever is present, keep student home
- New and persistent cough (not related to asthma or allergies)- a student with a cold and persistent cough should be at home even if there is no fever
- Any break in the skin in the weeping/oozing stage- unless protected (covered) and/or diagnosed as noninfectious
- Impetigo – until 24 hours after treatment has started
- Streptococcal infection – (strep throat or other streptococcal infection), until 12 hours after treatment has been started
- Head lice – until after the first treatment (Refer to DSD Head Lice Protocol)
- Scabies – until after treatment has been given
- Any communicable disease – may return as per direction from the health department
- Any condition determined by the local health department to be contributing to the transmission of illness during an outbreak.

Please be mindful of these symptoms and keep sick students' home to make the school and classroom a healthy and safe place. Thank you

### **Pizza with the Principal**

This month's pizza with the principal characteristic was skills for learning. We are excited to have pizza with the principal for the following students who have exemplified these skills. The luncheon celebrating these students will be on November 30<sup>th</sup>.

William Lufkin  
 Zoey Wright  
 Ramona Sens  
 Kylin Wade  
 Aubree Walker  
 Reagan Cannon  
 Lyndsi Wilkey  
 Brigham Harvey  
 Rayden Delgado  
 Felicity Butterfield  
 David Blackham  
 Dallas Holbrook

Presley Carroll  
Orson Johnson

December goes by so fast with so many fun things happening so we will not have pizza with the principal again until January when we will be focusing on empathy.

### PTA Corner

As a PTA school of excellence, we have had 100% teacher and faculty membership. This year we would love to sponsor all our teachers and faculty with their PTA membership. Sponsorship is a one-time \$6 membership donation on the teacher or staff members behalf. This gift is one we love giving to teachers and staff each year. You don't have to sponsor a current teacher, but it can be a teacher from a previous year or any of the amazing faculty members.

If you would like to donate and help us to reach 100% teacher and faculty membership once again, please contact the office.

### Important Dates:

**November 24-26 – Thanksgiving Break**

**December 3 – Fourth Grade Play**

**December 16 – Kindergarten Gingerbread Play**
