Frequently Asked Questions

What if my child isn't fluent in English?

It is not a prerequisite for your child to speak English. In the Early Years, students learn through our immersion programme. From Grades 1-5, we offer language development classes to English Language Learners.

What about German?

At BIS we support home language development, including German. In Grades 1-5 students usually have five German periods a week. Our German classes are based on language levels and needs, supporting home language speakers and beginners alike.

What about Distance Learning or Hybrid Learning?

Our instructional team works closely with our educational technology specialists to prepare students for a digital world. Students use iPads regularly in their lessons. We have a proven Distance Learning model in place for even our youngest students.

How will my child get to school?

Many people walk, ride a bike or use public transport, but we also offer a shuttle bus system. Once the students move to Haimhausen, there are buses available from Münchner Freiheit, City Campus and many local neighbourhoods.

What is your nutrition plan?

Our nutrition partner ORGANIC GARDEN offers healthy, tasty meals and snacks for students.

BIS City Campus

BIS is an English-speaking, international school with campuses in Munich-Schwabing and Haimhausen (15 km north of Munich) offering a pedagogically rich and holistic education for children ages 3 to 18 years old.

City Campus is our full-day, centrally located campus in Munich-Schwabing, serving children ages 3 to 5 in the Early Childhood (EC) and 6 to 11, in the Primary School. Our curriculum follows the International Baccalaureate (IB) Primary Years Programme (PYP) and focuses on developing the whole child as an inquirer.

Our highly qualified pedagogical team promotes academic excellence, intercultural competence, collaborative learning and social responsibility while meeting the individual physical, social, emotional, learning and language needs of each child. Our modern, spacious building with its outdoor area is an inviting environment for your child's development.

Early Childhood Centre

Our Early Childhood Centre focuses on the individual learner, supporting each student to reach their own potential. Learning is seen as a partnership between the student, parent and the school.

Designed for students to learn through play, children are encouraged to ask questions to further their thinking and understanding, constructing their own meaning, testing, confirming and revising their ideas.

Excitement and engagement comes from the voice, choice and ownership in the transdisciplinary learning. This supports the development of physical, social, emotional and cognitive skills as well as communication and language capabilities.

Primary School

In our Primary School students have voice, choice and ownership, taking responsibility for their own learning. Our curriculum ensures the continual provision of teacher-initiated and student-led inquiries to develop knowledge, skills and conceptual understandings. Students are supported to become self-motivated learners who reflect, monitor and adjust their learning.

In Grades 1 – 5, students establish personal values, gain an understanding of the world around them and develop friendships in the diverse learning community of the school. Our teachers design transdisciplinary learning experiences incorporating languages, mathematics, science, social studies, art, music, social and physical education.

We lay a foundation for international-mindedness to flourish. At BIS, we tap into student interests and passions and learning comes alive.

After School Programmes

We offer After School Care (ASC) as well as a wide variety of After School Activities (ASAs) to provide extracurricular opportunities and extended social opportunities for our students. For BIS students, education is everywhere, not only in the classroom.

After School Care is available until 6:00 p.m. (5:00 p.m. on Fridays) and starts with a snack, homework or quiet reading time and then activities. Parents can book After School Care for two, three, four or five days a week.

We offer a wide variety of After School Activities (3:30 p.m. – 4:30 p.m. and Friday 1:50 p.m. – 2:50 p.m.), such as volleyball, football, basketball, Eco Club, German, guitar, Lego, production and sensory world.
