**COVID 19 Update - November 29, 2021**

We are pleased to announce that we will immediately reduce the length of quarantine for unvaccinated students or staff who have been in close contact with someone who has tested positive with COVID 19.

Exposed close contacts who are not fully vaccinated shall quarantine for 10 days or 7 days with negative test results collected at 5 - 7 days.

If you have any questions, please contact the nurse's office in the school your child attends.
