FREQUENTLY ASKED QUESTIONS

Q – How is this site different than my family access portal?

A – Family access connects you to student records related to grades, food service balances, class schedules, etc. We do not track student fines/fees, or sell items through the family access portal.

Q – If family access provides separate information, why is the log in the same?

A – We strive to make this new payment portal as convenient as possible for parents. By enabling access using the same log in information as family access, there is less information parents will need to retain.

Q – Can I deposit money into my student(s) lunch account(s)?

A – No. At this time, this payment portal does not directly link to your student's lunch account. Please contact the school office, or Nutrition Services for further information.
