

CANADA - WE WORK HERE

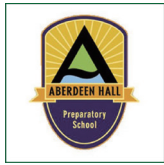

International Student Management and Service Tenets

1 In order to cultivate children's abilities of independence, sociability and innovation, studying abroad has become the best choice for many parents and students. With its first-class teaching quality and excellent educational resources, Canada has naturally become one of the preferred countries for parents and students to study abroad. Studying abroad means that children will spend their best youth in a foreign country. At the same time, students will also face many challenges. New students often have to face all kinds of trivial and complicated problems, from landing a plane to finding an address, from enrollment to choosing courses, from food, clothing, housing and transportation to cultural habits and so on. The unfamiliar environment and independent life troubles many students and parents. In order to clear the obstacles of studying abroad, relieve parents' worries, and make students have enough energy and positive attitude to face the challenges of learning, we have formed a professional, complete and effective management and service system through years of experience and case analysis. The service covers Quebec and Ontario in eastern Canada and British Columbia on the west coast.

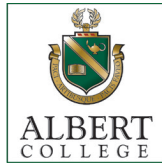

Our service tenet is to provide the most comprehensive, perfect and considerate service for every overseas student, helping them to solve various problems smoothly, quickly adapt to the new and unfamiliar environment, and easily and happily integrate into the intense and rich study and life.

Dear Ryan

I am very glad to inform you that I have received four offers from the different universities, respectively, University of Toronto, Waterloo, McGill, and McMaster. Thank you for your dedication to helping me adapt to the new environment quickly.

I will never forget the scene where you picked me up at the airport on that snowy day. Your warm reception drove the coldness and confusion away. In the following days, you assist me to open bank account and apply for the local cell phone card, and told me the differences between Canadian culture and Chinese ones, which made me more confident to the adaption of the Canadian life.

At the same time, I am very proud to say that thank you Newton's Grove School. It is the school that gives me the opportunity to realize my dream. When I came across the difficulties and challenges at school, the teachers contacted you instantly. And all of you worked out the best solutions to help me go through the tough period of my study.

Today, I graduate. Thanks to your dedication and devotion. Now, I am ready to face the new challenge and difficulty.

Sincerely Summer Feng

"Thank you for your dedication to helping me adapt to the new environment quickly."

STUDENT

From Newton's Grove School , graduated in 2017

Luana Papolis

"Ryan has many years of experience as a guardian to students coming to Canada from China."

HOMESTAY

Peter and Luana came into contact with Ryan in spring 2016.

August 9, 2017

To Whom It May Concern:

Greetings,

My name is Luana Papolis and I am a homestay host. My husband Peter and I came into contact with Ryan in spring 2016. Ryan has many years of experience as a guardian to students coming to Canada from China. Ryan is responsible for screening homestays and making sure that visiting students are provided with amenities, laundry services, are well cared for, nourished, and driven to and from school throughout the year.

Happily, our experience over the last year has been a very positive one. We found Ryan is very dedicated and always tends to students' needs. Ryan is also in constant contact with the parents in case any issues arise with their children.

As homestay hosts, we try and keep Ryan updated on the students' wellness and overall health and he looks after their schooling and curriculum. In all, it has been a great working relationship where students have more than one person for support, which is extremely beneficial.

Another benefit to students is that Peter and I provide assistance to further studies in the English language when students interact with us. We have conversations during dinner and in the car driving to and from school. During these conversations, students are challenged to free thinking in English and use all the vocabulary that they have acquired during the time of their stay.

My husband and I also offer homework help and any assistance students may require and help them navigate through the country's different systems.

We are very happy with the program and look forward to continuing our working relationship with Ryan for years to come.

Sincerely,
Luana Papolis

History

EDUCATION BACKGROUND

SEP 1999 - JUL 2003

Graduated from Liaoning Normal University, majoring in English Education

I passed TEM-8 in school and have strong English communication skills.

WORK BACKGROUND

JUL 2015 to Present

Engaged in the business of studying abroad in Canada: actively expand the market of studying abroad in Canada and China. I have successfully signed agreements with several public education bureaus and private schools to send students, ensuring the quality and quantity of students for the cooperative schools every year. Good at interview coaching: familiar with the Canadian education system, accurately grasp the admission standards of each school, and provide students with reasonable application programs. Provide comprehensive interview counseling for dozens of students every year, successfully complete the application of UCC, SAC, BSS, TSC and other private schools.

Full-time Canadian guardian: as the guardian, I strictly perform my duties, serve carefully, actively communicates with parents and students, solve their worries for parents and escort students' study and life.

OVERSEAS BACKGROUND

FEB 2009 - MAR 2009 Exchanged and studied in Vancouver, Canada

OCT 2011 to Present Immigrated to Canada and settled in Toronto
