LION MANUFACTURING

(STUDENT RUN BUSINESS)

Students at Loogootee are getting a real-life crash course in what it takes to run a business. Working in conjunction with Loughmiller Machine Tool & Design, LHS students are now using our CNC machine and CAD programming to produce products various customers have ordered.

We are very excited to partner with Loogootee Schools and Lion Manufacturing. We realize the importance of students having the opportunity to be exposed to the real-world experience of a business environment. They will learn the basics of manufacturing and the skill sets required along with the business component that is involved in running a business. But most importantly they will realize the basic skills needed in the real-world following high school. We are looking forward to being instrumental in making this program a success for the future of Loogootee students.

Jason & Pam Loughmiller (Alumni, Parents, & Business Owners)

Working for Lion Manufacturing is one of the most exciting things I have done in my life. The valuable experience I am gaining will help me land a quality job after high school and has led to me thinking of about starting my own business someday."

Sean Page (Student)

Our classrooms have clear and consistent behavior expectations. Students know what's expected of them, which gives them confidence. Students monitor themselves and take more responsibility for their behavior and take these expectations with them beyond the classroom to make the world a better place.

"MANE" TRAITS OF A LION

for success

SHOW UP

Be on time, every day, reliably.

BE RESPECTFUL

To get it, you must give it.

PAY IT FORWARD

Do more than is expected today, and you will receive more than you expected.

WORK HARD

Earn your keep; get something done.

BE POSITIVE

Attitude is everything.

GET ALONG

Play together nice in the sandbox.

BE FLEXIBLE

Willingly take on different tasks.

GET GRIT

You have only failed if you have given up. Until then it is called learning.

JOIN THE CLUB

Be proud to be part of your organization.

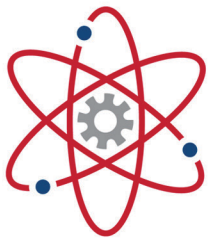

KEEP LEARNING

If you don't keep up, you will become obsolete.

PROJECT LEAD THE WAY

PLTW

IMAGINE kindergarteners coding.
PICTURE middle school students programming robots,
creating electromagnets and testing conductivity.

PREPARING OUR STUDENTS FOR A GLOBAL WORLD

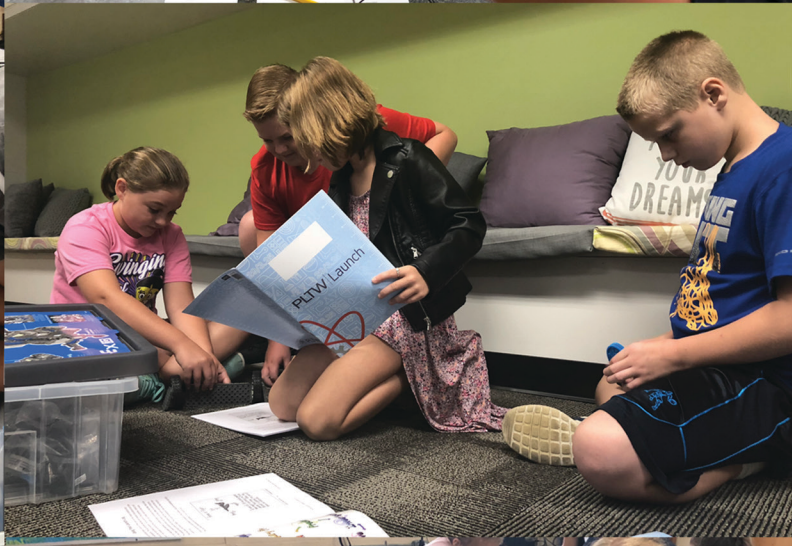

Loogootee is now the smallest school in Indiana that offers a national K-12 curriculum (PLTW) that creates an engaging, hands-on classroom environment empowering students to develop in-demand knowledge and skills needed to thrive in the 21st century. Beginning in Kindergarten, Loogootee students explore areas of Computer Science, Engineering, and Biomedical Science.

While our family lives outside the district, we choose to enroll our children in the Loogootee Community Schools. Loogootee offers an academic curriculum that no other school in the area can match. As a pharmacist, we love seeing our kids challenged daily in science, engineering and math through so many exciting classroom activities.

Dan & Ashley Graber (Parents)

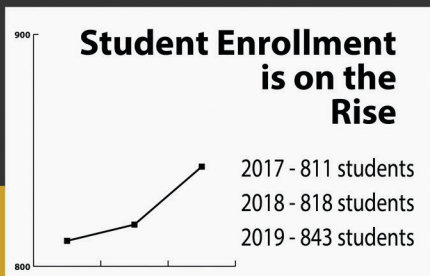

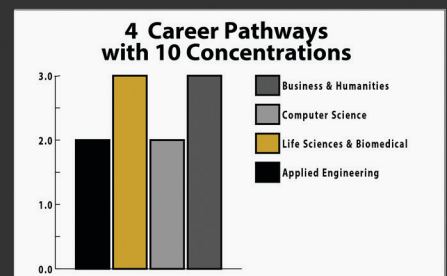

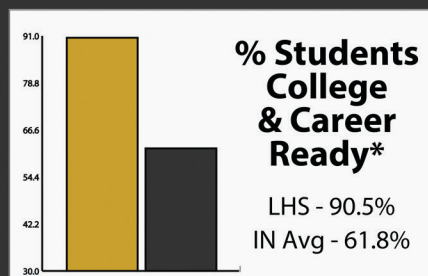

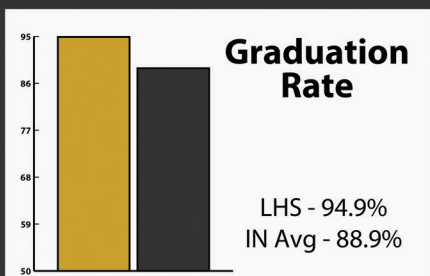

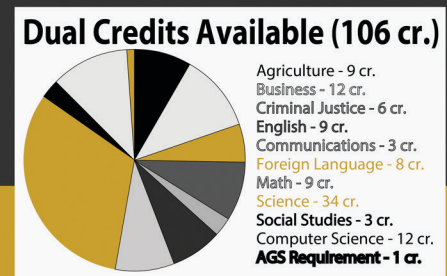

Did your school have you examining crime scenes to determine the cause of death? Ever analyze to determine the source of a meningitis outbreak? What about learning how to deter an intruder from entering your computer network? Loogootee students are doing these things and much more through our award winning PLTW curriculum.

Why Loogootee School Corporation?

LCSC is
**BIG ENOUGH
TO DELIVER,**
and
**small enough
to care!**

*College & Career Ready - Students receiving AP, Dual Credit, or Industry Certification

Associate Degree Upon Graduation

Interested in saving over \$20,000 in college tuition? Loogootee High School currently offers numerous college credits through our partnerships with Indiana State University, Indiana University, IVY Tech Community College, and Vincennes University. Loogootee High School students can now even graduate with an Associate Degree from IVY Tech. Our dual credit classes, STGEC 30 Core, STGEC 60 Core, and Associate Degree programs are saving our families thousand of dollars in college costs.

Our two daughters graduated college a year early and our son completed his college degree in 7 semesters thanks to the awesome dual credit program at Loogootee High School. Because of the opportunities Loogootee HS has for all students, our family saved over \$50,000 in college tuition."

Eric and Susan Ackerman (Alumni and Parents)
