

## **POSTSECONDARY ENROLLMENT PROGRAM**

The Loogootee Community School District believes that students who are capable of and wish to pursue college level work while in high school should be permitted to do so.

Information about the post-secondary enrollment program will be made available to students and their parents/guardians.

Any student who wishes to participate in the postsecondary enrollment program must inform the guidance counselor to ensure postsecondary coursework meet local and state graduation requirements.

Any student may apply to any institution of higher education through the post-secondary enrollment program. Academic credit granted for course work successfully completed by a student under this program may qualify as high school credit or credit at the institution of higher education in accordance with the contract for dual credit with the eligible institution. A student participating in this program will still be considered as enrolled in the district and eligible for all high school activities.
