

STUDENT LOCKERS

All lockers made available for student use on the school premises, including lockers located in the hallways, physical education and athletic dressing rooms, industrial education classrooms and art classrooms, are the property of the school corporation. These lockers are made available for student use in storing school supplies and personal items necessary for use at school but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. A student may not expect to have privacy in a locker or its contents.

The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire and other hazards, maintain sanitary conditions, attempt to locate lost or stolen material and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, paraphernalia, or alcohol.

Other than a general inspection of all lockers whenever an individual student locker is the subject of a search based on reasonable suspicion of contraband being present, the student assigned to the locker or a third party should be present during the search if possible.
