*The Tournament has Begun!*

---

The Red Oaks School Broskies (their name not mine) decided to create a pickleball tournament for the whole school to participate in, including teachers!

Day 1 kicked off with some stellar performances and quite a few upsets. Ms. Karen was upset in the first round by Sadie and Ethan who proved students can (and probably will) win this tournament. Kai talked a big game but was unable to back it up in the first round. Not to worry, he is confident he can make a run in the lower bracket.

Get your popcorn ready because on day 2 everyone is ready to put on a show!

### *Day 2 Brings Chaos to ROS*

---

Day 2 is in the books and everyone's bracket predictions are out the window. A few Broskies and some teachers have found their way to the lower bracket (a spot none of them thought they would be in).

Mr. Ben tried to play mind games with his opponent, but those tricks proved fruitless against Henry and Olivia. Ms. Karen came into this tournament with high hopes only to fall short and end up winless. Don't worry there is always next year :) Holding strong for the faculty is Nurse Francesca who was carried by Sabrina in their lower bracket victory. Up next for them is the still talking big game Kai setting up an exciting match-up for Monday.

The Tournament will continue on Monday!

### *Day 3 – Down goes the boss*

Today will always be remembered as the day the students took down the Head of School. Mr. Ben has been analyzing students, learning new gameplay strategies, and even skyped with an IB pro named Daniel... all this effort could not get past the duo of Joe and Chase.

Nurse Fran was carried by Sabrina all tournament but they could not keep up their winning ways as Kai and Simeon were able to back up their trash talk and get a victory. The Faculty is down to one member, Ms. Nikki, who now has to carry the weight of the whole staff on her back. Can she do it? We asked Mr. Peter, our stats guru, what he thought of her chances. "The odds are not in her favor but if any teacher can do it we would all pick Coach Ga... I mean Ms. Nikki"

Lucas took a look at the bracket and smiled "Coach I love my chances"... Roald, Ellis, Sadie, Olivia, Jack, Antonia, and Arianna all said the same thing. Who will actually advance?

*Down Goes the Faculty!*

---

Ms. Nikki, with two K's, gets TKO'ed out of the tournament by Kevin (1 K) and Dr. Doyle. With this unanticipated loss, the Faculty is now fully eliminated from the tournament much thought they would win (including themselves).

Ms. Amy, our history expert, explains "This is the first time in history that students have eliminated all faculty in a pickleball tournament, and I know all the history of pickleball. Let me tell you all about..." and we had to cut that interview short.

Kevin and the Dr. may have crushed the hopes of Ms. Nikki and Anjali but they are in danger of losing to Ava and Alden. Can they get out of the hole? Can Roald and Gabby get through the lower bracket? Can Coach Gary learn to spell check before going to the printing press? All these questions and more will be answered today.

This space is blank due to our photographer taking a few days off.

He claims he has been super busy with school, friends, video games, and growing his hair.

Please do not give him a hard time for not sending Coach any photos of the tournament. Coach has spoken to the student, the student has apologized and Coach promised not to embarrass him in the newspaper.

Thank you for understanding.

*Nightmare comes to life*

---

Roald slept worse than Coach's son... "Coach I can't sleep, I am having this terrible dream that I lose in the tournament". Little did he know his body was predicting the future. This nightmare came to life but ever Mr. Positive was quick to realize "you know what reality isn't so bad, I have still had a lot of fun and I look forward to the next Broskie tournament.

The tournament looks to finish up today as there are only a few teams left. Will Ava and Alden continue their amazing run in the lower bracket? Will Sadie and Ethan keep up their stellar play? Will Lucas let Parker hit the ball? Everyone is excited to see what happens on the final day... or are they more excited for Coach to stop writing these articles?

*It's Finally the Finals!*

22 teams entered the arena with high expectations and dreams of a title and a well-made trophy on their dresser (Ms. Emily!!!). They have competed and all tried their best (even Ms. Nikki?) and now we are down to our finals teams.

Ava and Alden, who lost in round 1, used all their grit and might to climb through the lower bracket but fell just short of the finals. Ethan and Sadie were able to overcome a pesky bee and the wild crowd and earned their trip to the finals.

The finals will be held today with Lucas and Parker taking on Sadie and Ethan. Who will win this epic showdown? Who will raise their hands in victory like Rocky in Rocky 2, 3, 4, and 5? Who will be crowned the first-ever ROS Pickleball champions? And what is going on with Coach Gary who never misses work? All this will be answered at lunch today (except the Coach Gary question, he's sick today).

*We have a Winner!!!!!!*

An epic 3-day finals with back and forth action, overtimes, and a true showdown to the final point. Sadie and Ethan came in as underdogs needing to win two times to hold up the trophy. They were able to overcome a 6-point deficit and win game 1 in overtime in a show of grit and determination.

Lucas and Parker, after suffering their first loss of the year, were backed into a corner. They were down 10-5 and facing elimination. But Lucas coached up Parker, "Pickleball is a game of inches and we will fight and claw our way back to victory." Tony D'Amato could not have said it any better. They refused to give up and rallied back from the edge of defeat to win the first-ever ROS Pickleball Tournament.

Both teams displayed excellent sportsmanship and showed how teamwork can make the dream work. Great job!!! Be sure to check out the photos from Joe our amazing photographer!! Thank you!!
