

Fall River Public Schools

COVID-19 Dashboard: Weekly Update

Please note changes:

The COVID case data in this report represents the number of known positive COVID-19 cases reported to the Fall River Public Schools and the actions taken as a result of that information.

Effective 11/18/2021, we will change the reporting period so the local reporting period matches the reporting period for Massachusetts Department of Elementary and Secondary Education. (DESE) The data will now reflect information for the 7-day period from Thursday morning through the end of day on Wednesday each week, rather than the Saturday through Friday period. A weekly report will be posted each Thursday.

We hope this page is useful to the entire FRPS community for providing important, up-to-date information about COVID-19.

Data for week ending: 12/2/2021

Total Number of Students

*This number does not include students in out-of-district placements

10,330

Number of New Positive Students with Possible Student Contact

19
0.18%

Number of New Positive Students with No Possible Student Contact

51
0.49%
