What do I do if my child has a positive COVID-19 test?

**Step 1**
Immediately notify the school about your child's positive test result.

**Step 2**
Keep your child home.
If your child has COVID-19 symptoms: Isolate for 10 days since symptoms began AND 24 hours with no fever AND symptoms are better.
If no symptoms: Isolate for 10 days since their positive test was collected.

**Step 3**
Monitor your child for new or worsening COVID-19 symptoms, such as:
- Fever or chills
- Cough
- Loss of taste or smell
- Shortness of breath or difficulty breathing
Find a full symptom list at [sccstayhome.org](http://sccstayhome.org).

**Step 4**
If you follow these steps, there is no need to get a “negative test” or a doctor’s note to clear your child to return to school.
