#### **Student Learning Strengths**

Strengths: STAAR, TELPAS Scores, Tejas Lee / TPRI results are disaggregated by subgroups, grade levels and content. Data from previous STAAR Assessments, Six Weeks Tests, and Benchmark information are consistently reviewed to increase student overall academic success. Putegnat Students have consistently met standard in the State Achievement Assessments.

A. S. Putegnat Elementary nationally recognized as a Blue Ribbon School.

#### Need Statements Identifying Student Learning Needs

**Need Statement 1:** All students special populations will receive supplemental support instructional materials to ensure successful grade level completion, and provide general supplies to ensure student success in the classroom academic content areas. **Data Analysis/Root Cause:** Analysis of data indicates that supplemental support is necessary to close the gap between student special population and regular education students.

**Need Statement 2 (Prioritized):** Maintain reading (fluency/comprehension), math (fluency/comprehension), science, writing student assessment achievment by analyzing data such as TPRI/Tejas Lee/CPALLS/Supera/Terra Nova/STAAR/PBMAS/ and District Checkpoints. **Data Analysis/Root Cause:** Analysis of data indicates reading success with these various academic components.

**Need Statement 3 (Prioritized):** S. E. students are in need of increasing passing scores, a need to continue to implement a three year old program, and increase number of bilingual students who exit within 3 years. **Data Analysis/Root Cause:** Analysis of data indicates low performing academic areas for Special Education sub-population, continuation of three year old program and exit bilingual program within in three years.

Need Statement 4: Extended Day, Accelerated Learning (State Comp./Federal funds) will be held to increase academic and student achievement scores. Data Analysis/Root Cause: Analysis of data below grade level performance.

## **School Processes & Programs**

#### School Processes & Programs Summary

ASP has conducted surveys over the past few years to strengthen the communication and collaboration between and among related departments and programs. Beginning with the 2016-2017 school year, The teachers were given more independence to continue doing "what works" while targeting lower performing skills/TEKS for more focused support.

In the Curriculum aspect, each respective content area was developed, implemented, and monitored thorugh district frameworks are followed and reflect research-based strategies and best practices. All core content areas conducted grade-level, department, chairperson meetings, content clinics, and the Fall Literacy Conference that focused on raising the district performance on all state assessments. Furthermore, Administration, Curriculum and Instruction conducted campus monitoring through meeting with administrators, planning with teachers, classroom observations with feedback, and through district assessments to assist in improving instruction

#### **English Language Arts**

The campus compiled the following: for ELA that included the guidelines for the implementation of the ELA Plan created in the summer of 2016. It laid out the key strategies, activities, and monitoring actions that needed to take place at each level and identified key personnel for following up on the implementation. The plan was widely distributed and was supported by fall and spring Literacy Conferences featuring researchers and practitioners. Reading initiatives included the "Shut up and Read" conference and the A-Z implementation training.

Fiction and non-fiction literature was expected to be used as the basis for not only reading but writing throughout the district at all appropriate grade levels. In the area of writing, the major activities for 2018-2019 were the expansion of the "Dr. Kay" strategies for all teachers of core content areas at elementary and secondary levels. The PEG Writing online software was implemented district-wide and at ASP. Various software resources will be utilized to supplement instruction: Achieve 3000, TTM, etc.

#### Mathematics

The main activities for math teachers were focused innetworking learning communities with representation from the campus and supports based on specific needs identified by campus leadership and networking of conent area teachers.

#### Science

Teachers int his content area were also given the opportunity to participate in literacy strategy trainings in maintenance meetings provided by the District and with desginated science days for each six weeks. The purpose of these science days was to implement literacy strategies during laboratory activities in the classroom throughout each grade level PK - 5th.

#### **Social Studies**

Social Studies professional development sessions continued to focus on interdisciplinary planning and instruction to sustain and strengthen social studies at the elementary level. At the secondary level, trainings continued to support the integration of primary sources, sheltered instruction, and additional intervention strategies.

#### Technology

The Technology Services Department provides support to the Campus for computing, networking, web services, and enterprise Technology systems. Our responsibilities include the following areas: Instructional Technology, Technology Training, Network, Voice/Data/Internet Systems, and more. The technology department team is responsible for the management of the infrastructure throughout our Campus along with a TST.

**School Processes & Programs Strengths** 

In 2018-2019, a major factor contributing to our strengths continued to be professional development opportunities across core areas that included special program teachers—especially Special Education and Career and Technical Education. Walkthroughs and observations showed the implementation of the strategies acquired during the staff developments.

Frequent visitation to campuses and classrooms ensured constant monitoring of classroom instruction based on the diverse needs of the Campus. The classroom activities involved modeling, coaching, and providing instructional support to both administration as well as teachers along with Peer classroom observations. Collaboration of district and campus staff in analyzing of assessment data was critical to improve student outcomes and address required System Safeguard improvement.

Significant gains have been made in the Campus achievement scores throughout these academic school years. However, there remains a gap between the academic achievement of all students to that of the At-Risk students in the District. The increases are due to the concerted collaborative effort between district-level personnel and campus staff. The Campus has focuses increasing scores for all special populations by using prescriptive methods of intervention to assist students in passing state mandated tests and courses.

Research shows that high student attendance rates and campuses reaching their annual performance objectives will increase all students' educational potential. Determination of the final 2019-2020 attendance rate is pending but is expected to be about 96.6%.

#### Need Statements Identifying School Processes & Programs Needs

Need Statement 1 (Prioritized): RTI 3-Tiered model (academic and behavior) will be monitored to ensure implementation of tiered interventions. RTI behavior model will include onsite Counseling Sessions with School Counselor. Data Analysis/Root Cause: Analysis of data indicates monitoring of tiers and behavior model is vital for student overall academic success.

Need Statement 2: Parental activities are needed in an effort to increase family engagement and student academic success will be maintained. (Title I-A Data Analysis/Root Cause: Low parental engagement and attendance.

Need Statement 3: Student attendance percentage will increase to supercede District averages. Ribbons will be provided for perfect attendance and to A/AB Honor Roll recipients as rewards Data Analysis/Root Cause: Low daily attendance in comparison to District averages.

Need Statement 4: Increase extended-day opportunities for students through various academic, fine arts, and physical education opportunities Data Analysis/Root Cause: Enrichment areas are needed to improve overall student success.

**Need Statement 5 (Prioritized):** Technology needs include increasing the available infrastructure to support on-line testing and student access including purchasing of technological resources, increase professional development in technology integration into instruction (over 40% of teachers indicated the need for technology training on the Spring 2019 staff survey), increased Campus Technology Support staff and improved campus hardware and software. **Data Analysis/Root Cause:** Due to a demand in the use of technology, throughout the District and the State, technology resources, and a full-time TST.

## Perceptions

### **Perceptions Summary**

Overall, ASP has maintained its enrollment with a loss of about twenty students and continues to be considered as the "Best Choice" by many parents and guardians, the continued decreases in enrollment has been interpreted by the BISD Board of Trustees as indicating a need to do more to market the district and highlight the significant recognitions garnered by students, campuses and programs.

Data sources included in this summary are the Campus compilations of Parent, Staff, and Student Campus Needs Assessment Surveys 2019-2020. BISD's Parent Surveys for 2019-2020 had approximately less respondents due to Covid responding.

#### **Perceptions Strengths**

ASP Parent Survey indicators showed that parents were overall satisfied (over 95% combining "strongly agree" and "agree" with the regular and special program instruction provided. Over 98% of parents agree that ASP teachers expect their children to do their very best and only 1% "strongly agree" (98% agree) that the quality of instruction at their child's school is good. For indicators relating to child safety, clean and well maintained schools, and availability of support staff for students, both English and Spanish respondents were overall in agreement (around 96%). About 1% (97% agreed) of all parents strongly agreed that the feel welcomed at their child's school.

Parental Involvement Department has identified the following as areas of strength:

- Increased District parent participation at all levels
- Combined strongly agree and agree statements are in the 95% range for parental support of schools and activities.
- Over 1,800 informational parent meetings/trainings were conducted at the Campus and District level

Student survey data showed over 93% of the ASP students who responded agree that they "feel safe at this school." However, in response to, I can use a computer to complete my work.", 25% responsed No. Overall satisfaction on related indicators for AS[ students was about 90%.

#### **Need Statements Identifying Perceptions Needs**

Need Statement 1: Based on the 2019-2020 Parent Survey results, the district and campuses continue to need to provide more information to parents about the Special Education, Bilingual and Migrant programs Data Analysis/Root Cause: Analysis of date indicates parent information should be disseminated thoroughly and often.

**Need Statement 2:** The perception among students at ASP that there is a problem with bullies (63% agree) although they feel safe and secure **Data Analysis/Root Cause:** Student survey indicates that Counselors, Teachers, and Administration determine bullying identification and assistance.

Need Statement 3: Teachers holding high academic expectations, 64%, "strongly agree" and "Teachers consistently hold high academic expectations for all students." Data Analysis/Root Cause: Staff survey indicates that 100% of teachers hold high academic expectations.

Need Statement 4: Technology training will be enacted to improve academic and student achievement in the classroom. Data Analysis/Root Cause: Analysis of data indicates that a full-time TST is necessary for home/school remote learning.

# **Priority Need Statements**

Need Statement 5: RTI 3-Tiered model (academic and behavior) will be monitored to ensure implementation of tiered interventions. RTI behavior model will include onsite Counseling Sessions with School Counselor.

### **Performance Objective 1 Need Statements:**

## Demographics

Need Statement 2: There is a high percentage of At-Risk students due to second language acquisition in need of raising student academic/achievement scores. Data Analysis/Root Cause: Analysis of data shows gaps of special populations and all students.

#### **Student Learning**

**Need Statement 2**: Maintain reading (fluency/comprehension), math (fluency/comprehension), science, writing student assessment achievment by analyzing data such as TPRI/Tejas Lee/CPALLS/Supera/Terra Nova/STAAR/PBMAS/ and District Checkpoints. **Data Analysis/Root Cause**: Analysis of data indicates reading success with these various academic components.

**Need Statement 3**: S. E. students are in need of increasing passing scores, a need to continue to implement a three year old program, and increase number of bilingual students who exit within 3 years. **Data Analysis/Root Cause**: Analysis of data indicates low performing academic areas for Special Education sub-population, continuation of three year old program and exit bilingual program within in three years.

### School Processes & Programs

**Need Statement 5**: Technology needs include increasing the available infrastructure to support on-line testing and student access including purchasing of technological resources, increase professional development in technology integration into instruction (over 40% of teachers indicated the need for technology training on the Spring 2019 staff survey), increased Campus Technology Support staff and improved campus hardware and software. **Data Analysis/Root Cause**: Due to a demand in the use of technology, throughout the District and the State, technology training, technology resources, and a full-time TST.

**Goal 7:** Educators will keep current with the development of creative and innovative techniques in instruction and administration using those techniques as appropriate to improve student learning. (TEA Ch. 4 Obj. 9)

**Performance Objective 2:** All district and campus staff will participate in required on-going trainings related to trauma informed care and safe and supportive schools that will address current mental health, safety, conflict resolution, personal health, safety and de escalation (CPI) with special education students in the PPCD unit.

 Need Statement 2: There is a high percentage of At-Risk students due to second language acquisition in need of raising student academic/achievement scores. Data Analysis/Root Cause: Analysis of data shows gaps of special populations and all students.

#### Demographics

**Need Statement 3**: There is a need to exit additional students, increase At-Risk students STAAR advanced level assessment percentages including SP. ED., LEP, and Economically Disadvantaged students. **Data Analysis/Root Cause**: Analysis of further data shows gaps for special populations on state assessments.

#### **Student Learning**

**Need Statement 2**: Maintain reading (fluency/comprehension), math (fluency/comprehension), science, writing student assessment achievment by analyzing data such as TPRI/Tejas Lee/CPALLS/Supera/Terra Nova/STAAR/PBMAS/ and District Checkpoints. **Data Analysis/Root Cause**: Analysis of data indicates reading success with these various academic components.

### **School Processes & Programs**

**Need Statement 5**: Technology needs include increasing the available infrastructure to support on-line testing and student access including purchasing of technological resources, increase professional development in technology integration into instruction (over 40% of teachers indicated the need for technology training on the Spring 2019 staff survey), increased Campus Technology Support staff and improved campus hardware and software. **Data Analysis/Root Cause**: Due to a demand in the use of technology, throughout the District and the State, technology training, technology resources, and a full-time TST.

**Performance Objective 2:** Increase opportunities for student learning for all regular ed and special ed. students from home, school, and/or community, in aerospace, robotics, coding and technology compared to 2019-2020. Future Ready Use of Space and Time

## ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)

## **1.1: Comprehensive Needs Assessment**

SBDM Committee after analyzing the 2019-2020 survey results concluded that strengths consisted of Administrative and Teacher support, reviewing data, and the increae of state acheivement scores. Furthermore, conclusion of needs entailed that At-Risk students in second language acquisiton, enrichment, after-school tutorial programs, RTI3-Tiered model monitoring/interventions, and additonal parental involvment is needed. The comprehensive needs assessment was developed, reviewed and revised after thorough review of multiple data sources and meetings with teachers, It was finalzed on May 17, 2021 at a SBDM Meeting.

CIP participants consisted of the SBDM Committee: Principal, Asst. Principal, PK- 5th Grade Classroom Teachers including a Non-Classroom Teacher, Counselor and Parents.

This Campus operating a schoolwide program will conduct a comprehensive needs assessment of the entire school that includes:

- Information on academic achievement of students in relation to the State Academic Standards, especially the needs of the students who are not meeting academic and state standards or who are At-Risk of failing in meeting these standards.
- · Assessment Data is formulated to create plans for students not meeting standard critera
- CNA summary found on the inroduction of the CIP and Data sources throughout.
- SBDM looked at CNA survey from all stakeholders
- SBDM meetings held in April 15, 2021 for the finalization of the 2021-2022 CIP

#### Strengths and Needs

#### • Strengths:

- 1. Strong Administrative and Teacher -support, and availability State Compensatory Funds for At-Risk Students. Enrollment numbers have shown a steady increase over the past two years. The student population at Putegnat Elementary School has shown a growth in the mobility rate. Highly qualified Teachers are prevalent to assist with Putegnat Diverse Demographic Population.
- 2. STAAR, TELPAS Scores, Tejas Lee / TPRI results are disaggregated by subgroups, grade levels and content. Data from previous STAAR Assessments, Six Weeks Tests, and Benchmark information are consistently reviewed to increase student overall academic success. Putegnat Students have consistently met standard in the State Achievement Assessments.
- 3. Significant gains have been made in the Campus achievement scores throughout these academic school years. However, there remains a gap between the academic achievement of all students to that of the At-Risk students in the District. The increases are due to the concerted collaborative effort between district-level personnel and campus staff. The Campus has focuses increasing scores for all special populations by using prescriptive methods of intervention to assist students in passing state mandated tests and courses.
- 4. Increased District parent participation at all levels
- Needs:
- 1. There is a high percentage of At-Risk students due to second language acquisition in need of raising student academic/achievement scores.

Extended Day, Accelerated Learning (State Comp./Federal funds) will be held to increase academic and student acheivement scores. RTI 3-Tiered model (academic and

behavior) will be monitored to ensure implentation of tiered interventions. RTI behavior model will include onsite Counseling Sessions with School Counselor.

- 3. RTI 3-Tiered model (academic and behavior) will be monitored to ensure implentation of tiered interventions. RTI behavior model will include onsite Counseling Sessions with School Counselor.
- 4. Based on the 2018-2019 Parent Survey results, the district and campuses continue to need to provide more information to parents about the Special Education, Bilingual and Migrant programs.

SBDM Committee after analyzing the 2019 survey results concluded that strengths consisted of Administrative and Teacher support, reviewing data, and the increae of state acheivement scores. Furthermore, conclusion of needs entailed that At-Risk students in second language acquisiton, enrichment, after-school tutorial programs, RTI3-Tiered model monitoring/interventions, and additonal parental involvment is needed.

## ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)

## 2.1: Campus Improvement Plan developed with appropriate stakeholders

The following addressed the needs of the Campus Improvement plan:

CIP participants consisted of the SBDM Committee: (May 17, 2021) Principal, Asst.Principal, PK- 5th Grade Classroom Teachers including a Non-Classroom Teacher, Counselor and Parents.

ASP will utilize Titel I funds for any activity that supports the needs of students in the school as identified through CNA assessment and placed in the schoolwide plan. The Campus will develop a Campus Improvement plan that consists of:

- Strategies that the school will implement to address school needs, including a description of how the strategies will: provide opportunities for all childrent to meet State academic standards. Use instruction strategies that srengthen the academic program. Address the needs of all students
- If programs are consolidated, the Campus, the State educational agency and local eductional agency programs and other Federal programs will consolidated into the schoolwide program
- SBDM Members met to progress monitor and evaluation criteria for monitoring student achievement and progress
- SBDM Members met to Progress monitor and evaluate criteria for implementation of strategies and viability
- Parents, Staff, Administration, and Community members met to review and revise strategies.

## 2.2: Regular monitoring and revision

The CNA/CIP will be monitored and revised quarterly thorughout the year by the SBDM Committee, Grade Level Teachers, and parents.

Activities that May Address the Needs of the Students

- Counseling, school-based mental health programs, instructional support services, mentoring services and other strategies
- Preparation for and awareness of postsecondary education and the workforce

Indicates that rates for reading and mathematics are based on the cumulative results from the first and second administrations of STAAR.

\* Indicates results are masked due to small numbers to protect student confidentiality.

<sup>\*\*\*</sup> When only one student disability group is masked, then the second smallest student disability group is masked regardless of size.

'-' Indicates there are no students in the group.

'n/a' Indicates data reporting is not applicable for this group.

?' Indicates that the data for this item were statistically improbable or were reported outside a reasonable range.

Indicates that rates for reading and mathematics are based on the cumulative results from the first and second administrations of STAAR.

\* Indicates results are masked due to small numbers to protect student confidentiality.

<sup>\*\*\*</sup> When only one student disability group is masked, then the second smallest student disability group is masked regardless of size.

\*\*\*\* Due to changes in the evaluation of SAT/ACT results (for 2017-18 the best result was used, rather than the most recent), 2016-17 SAT/ACT results are not comparable and, where applicable, are not shown.

'-' Indicates there are no students in the group.

- 'n/a' Indicates data reporting is not applicable for this group.
- '?' Indicates that the data for this item were statistically improbable or were reported outside a reasonable range.
