

LANGUAGES OF THE WORLD COURSES

The study of a World Language is becoming increasingly important in our global society. The Eagan High School World Languages Department offers students the opportunity to develop proficiency in speaking, reading, writing, and listening in Spanish, French, and German. Students selecting a language should sign up for all three trimesters. The World Languages Department encourages all students to develop the economic, social, and academic advantages that proficiency in a second language can offer. Seniors in levels IV or CIS have the opportunity in the spring to take the bilingual seals and certificates exam which may qualify them for college credit at MNSCU schools.

THE SEQUENCE OF COURSEWORK IN EACH OF THE WORLD LANGUAGES REQUIRES THAT PREREQUISITES BE COMPLETED WITH A PASSING GRADE OR TEACHER APPROVAL.

Do you speak Spanish at home? Have you noticed that our traditional Spanish classes are too elementary for you? Would you like to improve reading and writing in Spanish? This class is for you! This year long course is designed for students for whom Spanish is a native or heritage language. It provides students with the opportunity to expand their existing proficiency and to develop their reading and writing skills. This class has been developed for heritage speakers who, although raised in Spanish-speaking communities or households, are not yet fully proficient in Spanish. This course takes into account and celebrates the experiences and influences of a bilingual and bicultural upbringing. We do this by exploring what it means to be a Latinx in the United States and by researching what the Latinx community has done throughout the United States history to guarantee equal rights. This class is a step of preparation for students to take the Bilingual Seals and Certificates test during the spring of senior year. Strong test results can earn college credit at MNSCU schools.

Si hablas español en casa, si quieres poder hablar, leer y escribir mejor y si has notado que las clases de español que ofrecemos no te benefician de la mejor manera, entonces esta clase es para ti. Este es un curso de un año que ha sido diseñado para alumnos a los cuales el español es su primer idioma. La clase nos da la oportunidad de desarrollar y mejorar nuestras habilidades en Español. Este curso tiene en mente a estudiantes hispanohablantes que han crecido en una comunidad hispanohablante pero que todavía no pueden hablar, leer o escribir a un nivel adecuado. Un objetivo del curso es celebrar y valorar la diversidad de experiencias y la riqueza cultural de cada individuo. Hacemos esto por medio de la exploración de nuestra identidad como Latinx en los Estados Unidos y por medio del estudio de lo que otros han hecho para garantizar los derechos de la comunidad Latina en los Estados Unidos. Esta clase también ayuda al estudiante en la preparación para el Examen Bilingüe durante la primavera del senior year. Es posible ganar crédito universitario en las universidades de MNSCU si califique el estudiante.

Finalmente, los estudiantes en Adelante II se involucrarán con los estudiantes latinos de las escuelas secundarias del distrito (middle school). El objetivo de esta colaboración es crear un ambiente de liderazgo que fomente una relación positiva en la juventud latina. Este curso también puede ser un precursor a la clase de Español IV para los estudiantes en tercer año o para la clase de College in the Schools Spanish para los estudiantes en cuarto año. This course is a continuation of Adelante I. We will keep working towards our three essential goal: 1. Spanish literacy improvement. 2. The exploration of our identity as Latinx in the United States. 3. Our work in ethnic studies in order to understand the contributions that different Latinx have had in the development of equal rights. Additionally, in Adelante II we will venture into Participatory Youth Action Research (YPAR) in order to identify problems that our community has in hopes of creating some tangible change. Finally, students in Adelante II will get involved with middle school students from the district. The objective of this partnership is to create an environment of leadership that will foster a positive relationship between our Latinx youth. This class can serve as a springboard to Spanish level IV junior year and College in the Schools Spanish senior year.
