## Protect Your Students, Staff and School

**ALICE Virtual Training  
Now available live online**

ALICE Active Shooter Response Training from Navigate360 is the leading methodology and response strategy and has been taught to over 1,200,000 people nationwide.

Research shows violence increases with prolonged isolation and societal stressors. Now, more than ever, it is critical to provide a safe environment...one where staff and students are confident, prepared and ready to focus. To support these efforts, ALICE Training is now available live, online in a convenient, safe, 3-hour format.

### **Why Choose ALICE Virtual Training from Navigate360?**

#### **GAIN PEACE OF MIND**

Building critical life-saving skills and knowledge increases your schools' confidence in their ability to respond to a violent incident. This peace of mind leads to less anxiety and a safer environment to work, learn and grow.

#### **CREATE A CULTURE OF SAFETY**

The vast network of certified ALICE instructors and our trained professionals work with you. Advising on proven practices and protocols we design a tailored program to enhance situational awareness across your entire school.

#### **MITIGATE RISK AND LIABILITY**

Protect your school and ensure compliance with the School Standard of Care by offering active shooter response training. At the same time, giving your staff, students and community the tools to survive a violent critical incident.

## HIGH TECH AND HIGHLY EFFECTIVE

Developed with educators and trainers, the ALICE Virtual Training Seminar leverages the convenience and safety of the virtual environment while incorporating engaging learning strategies to ensure comprehension and retention.

This collaborative, tailored program is led by a certified National Trainer and includes live demonstrations and critical thinking scenarios. The interactive sessions empower individuals with the practical and advanced skills to survive a violent critical incident. As a result, your staff gains confidence, peace of mind and the ability to focus on their students and classroom goals.

To further complement the virtual training, many organizations start their active shooter response training programs with the online eLearning modules. These lay the foundation for understanding of the options-based techniques. Convenient and flexible, the eLearning component serves different learning styles.

Trusted by more than 3,000 organizations across the country, ALICE Training protects your staff, your students and your community.

### Let's talk.

#### Here is what others are saying about ALICE Virtual Training:

"I thought it was well done and the instructors and technology enhanced the learning."

"It is spot-on training that gives positive, effective solutions to a horrible situation."

"I was anxious about the online delivery of this class, but it surpassed all my expectations. Professional, thorough and I felt involved. Well worth the time. Quality instruction and content."
