Kell Clopton, Assistant Superintendent
Joe Nicks, Assistant Superintendent
Todd Garrison, Assistant Superintendent of Finance

Greetings Lion Family,

I wanted to take a moment to update each of you on some future goals for Kaufman ISD.

As you all know, Kaufman county is growing at a rapid rate, and has been over the last decade. As a result, that growth is now beginning to reach our town.

As residential developers buy land and plan to build new communities our school district must make plans to accommodate those new families and new students.

This is exciting news for the future of Kaufman ISD!

Our primary short term goal will be to insure that we are prepared in advance for new students while keeping the same student/teacher ratio and retaining the same small town feel that we all love.

How does this affect each of us?

Our plan for quite some time has been to build a new Phillips campus. Some of you may have seen the sign. Initially, that campus would replace the existing one. However, with the current growth projections, we would be building the new Phillips but also be able to use the existing Phillips as a campus as well. This would allow us the time and space for planned growth rather than feeling an immediate need to over burden existing campuses.

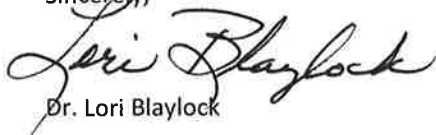

Over the next few months, you may be hearing an increase in discussions related to growth as the district front office, the Board of Trustees, and community members work collaboratively to best plan for the future of Kaufman ISD.

I want to extend another thank you to so many of you for filling out our needs assessment survey. We appreciate this community and we know that Strong Schools build Strong Communities.

The future of Kaufman ISD is bright!

As December continues, my wish is for each of you and your families to have a wonderful holiday season.

Sincerely,

Dr. Lori Blaylock
