Mentor/Induction Program Plan

Brownsville ISD Early College High School staff take part in required staff development that occurs at the beginning and midway through the academic school year. In addition, staff participate in regular professional development and PLC's throughout the year. Professional Development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Brownsville ISD also presents New Employee Orientations twice a year.
