**IMPORTANT - READ CAREFULLY BEFORE MAKING BID: CONDITIONS, BID TERMS AND INSTRUCTIONS
CITY OF NEW BRITAIN CONNECTICUT -DEPARTMENT OF PURCHASES**

1. All bids must be submitted on and in accordance with this form. If more space is required to furnish a description of the commodities and/or services offered or delivery terms, the Bidder may attach a letter hereto which will be made a part of the bid. All bids must be submitted in duplicate in sealed envelopes clearly identified with the appropriate bid number.

2. Bids and amendments thereto, or withdrawal of bids submitted, if received by the City after the date and time specified for bid opening, will not be considered. If any person contemplating the submission of a bid on this invitation is in doubt as to the true meaning of any part of the specifications, plans or other documents, he should submit a written request for an interpretation thereof to the City Purchasing Agent at least 10 days prior to scheduled bid opening. An interpretation of the bid invitation documents will be made only by addendum duly issued to each person receiving a bid invitation and/or holding plans. The City of New Britain will not be responsible for explanations or interpretations of bid invitation documents except as issued in accordance herewith. Note regarding addenda: Addenda shall be mailed via certified mail to all vendors listed on the City's list of plan holders. Addenda will be made available to those vendors downloading specifications from a website at that same website.

3. Prices should be stated in units of quantity specified, with packing and delivery to destination and all other incidental charges included.

4. The time of proposed delivery must be stated in definite terms. If time of delivery for different commodities varies, the Bidder shall so state.

5. Samples, when requested, must be furnished free of expense to the City, and if not destroyed, will, upon request, be returned at the Bidder's risk and expense.

6. Price Quotations must be stated in units of quantity specified, show unit pricing, include packing and delivery to destination and all other incidental charges included in the grand total price or bid may be rejected. In case of error in the extension of prices, the unit price shall govern.

7. Unless qualified by the provision "NO SUBSTITUTE", the use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict Bidders to the manufacturer, brand, make or catalog designation identification. This is used simply to indicate the character, quality and/or performance equivalence of the commodity desired, but the commodity on which bids are submitted must be of such character, quality and/or performance equivalence that it will serve the purpose for which it is to be used equally as well as that specified. In submitting bids on a commodity other than as specified, Bidder shall furnish complete data and identification with respect to the alternate commodity he proposes to furnish. The City reserves the right to make final determination of equivalency.

Consideration will be given to bids submitted on alternate commodities to the extent that such action is deemed to serve best the interests of the City. If the Bidder does not indicate that the commodity he proposed to furnish is other than specified, it will be construed to mean that the Bidder proposes to furnish the exact commodity described.

8. Bidder declares that the bid is not made in connection with any other Bidder submitting a bid for the same commodity or commodities, and that the bid is bona fide and is in all respects fair and without collusion or fraud. Abstracts of bids received are prepared for distribution by the Department of Purchases.

9. Award will be made to the lowest responsible qualified Bidder, who shall be determined in accordance with and pursuant to Section 2-578, inclusive of the Purchasing Ordinances City of New Britain. The quality of the articles to be supplied, their conformity with the specifications, their suitability to the requirements of the City, and the delivery terms will be taken into consideration in making the award.

10. Section 2-578, item 10, allows up to a ten (10) percent differential in favor of resident Bidders for all purchases and contracts except construction and/or capital improvements. Any city-based bidder, which has submitted a bid, shall be awarded the bid provided that such city-based bidder agrees to accept the award of the bid at the amount of the low bid. In a situation where no city-based bidder submits a bid or where a city-based bidder does not come within the ten (10) percent or chooses not to meet the lowest bid however, there are bids submitted by companies based in Connecticut and other companies based outside Connecticut, in that event the Purchasing Agent shall allow a five (5) per cent differential in favor of the Connecticut based bidder. If more than one Connecticut based bidder submits a bid of not more than five (5) percent higher than the low bid and has agreed to accept the award of the bid at the amount of the low bid, the bidder who has submitted the lower/lowest bid shall be awarded the bid. A "Connecticut based bidder" shall mean a business with a legal principle place of business located within the State of Connecticut. A business shall not be considered a Connecticut based bidder unless evidence satisfactory to the purchasing agent has been submitted with the bid documents has a bona fide principle place of business within the State of Connecticut. For construction projects or capital improvements the lowest bidder shall be determined in the following order unless otherwise prohibited by applicable state and federal legislation. (1) For construction projects or capital improvements involving a total contract price of one million dollars (\$1,000,000.) or less any city-based bidder that submitted a low bid not more than eight (8) percent higher than the lowest bid, provided such city-based bidder agrees to accept the award of the bid at the lowest bid amount. (2) For construction projects and capital improvements of involving a total contract price of more than one million dollars (\$1,000,000.) but less than five million dollars (\$5,000,000.) any city-based bidder that submitted a low bid not more than four (4) percent higher than the lowest bidder, provided such city-based bidder agrees to accept the award of the bid at the lowest bid amount. For construction projects and capital improvements involving a total contract price of over five million dollars (\$5,000,000.) any city-based bidder that submitted a low bid not more than two (2) percent higher than the lowest bid, provided such city-based bidder agrees to accept the award of the bid at the lowest bid amount.

11. The City reserves the right to award by item, groups of items or total bid; to divide the award; to reject any and all bids, in whole or in part, and to waive any informality or technical defects if, in its judgment, the best interests of the City will be served.

12. Section 2-592, All formal bids shall, whenever possible, be based on at least three (3) competitive bids and shall be awarded to the lowest responsible bidder. If three (3) competitive bids are not received, the City reserves the right to reject any and all bids received and not to award the bid and to go back out to bid to obtain three (3) competitive bids.

13. Cash discounts may be offered by bidder for prompt payment of bills, but such discount will not be taken into consideration in determining the low Bidder but will be taken into consideration in awarding tie bids. The discount period will be computed from the date delivery is accepted at destination or from date correct invoice is received by the consignee, whichever is the later date.

14. Acceptance of a bid by the City is not an order to ship or a commitment to purchase the goods or services from the bidder.
15. Each bid is received with the understanding that the acceptance in writing by the City of the offer to furnish any or all of the commodities and/or services described therein shall constitute a contract between the Bidder and the City, which shall bind the Bidder on his part to furnish and deliver the articles quoted at the prices stated and in accordance with the conditions of said accepted bid.
16. Any equipment delivered must be standard new equipment, latest model, except as otherwise specifically stated in bid. Where part or nominal appurtenances of equipment are not described, it shall be understood that all the equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
17. In event of default by the Bidder, the City reserves the right to procure the commodities and/or services from other sources and hold the Bidder liable for any excess cost occasioned thereby. If, however, public necessity requires use of materials or supplies not conforming to the specifications, they may be accepted and payment therefor shall be made at a proper reduction in price.
18. Where a bid bond is required, such bond must accompany the bid; it must be executed by a surety company licensed to do business in the State of Connecticut; or it may be in the form of a cashier's or certified check made out to the "Treasurer, City of New Britain". Said bond or check in the amount of Ten Percent (10%) of the total bid amount shall be given as security that, if the bid is accepted, a contract will be entered into and the performance guarantee properly secured.
19. The bid bond, cashier's or certified check shall be forfeited and the principal amount of said bid bond shall be paid to the City or said check shall be surrendered to the City as the agreed amount of liquidated damages in case of failure of Bidder to enter into contract as above described. The bid bond or check will be released or returned to the Bidder in case his bid is rejected. Bid bonds or checks from the three lowest bidders will be held for a period of 60 days after the bids are opened.
20. All contracts for goods or services where the contract price is more than \$50,000.00 will require a performance bond that must be executed by a surety company licensed to do business in the State of Connecticut in accordance with and pursuant to Section 2-702 inclusive of the Purchasing Ordinances of the City.
21. The Bidder guarantees to save the City, its agents or employees, harmless from liability of any nature or kind, for use of any copyrighted or uncopyrighted compositions, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract, or which the Bidder is not the patentee, assignee or licensee.
22. The Bidder, where applicable, agrees to pay its labor force Prevailing Wage Rates and to comply to all Laws, Regulations and Ordinances regarding these wage rates and the recording of them set forth by the Connecticut Department of Labor and the City of New Britain Connecticut.
23. A performance guarantee shall be required per City Ordinance, Sec. 2-702, for all contracts for goods and services entered into by the City of New Britain where the contract price is fifty thousand dollars (\$50,000.00) or more. A performance guarantee shall be required for contracts of less than fifty thousand dollars (\$50,000.00) where deemed necessary in order to protect the interests of the City or as required by State or Federal statute, ordinance or regulation.

SPECIFICATIONS

Item 1. STANDARD PERMANENT PAVEMENT REPAIR

5.02.02.01 - Description: Under this item, the Contractor shall furnish and place all materials necessary to accomplish permanent pavement repair in existing pavements, driveways or other areas identified in the NOTICE TO CONTRACTOR – ASSIGNMENT LIST OF UTILITY CUTS TO BE REPAIRED.

5.02.02.02 - Materials: The materials for the bituminous concrete mixture shall conform to the requirements of Section 4.06.02 and M.04 of the CTDOT Standard Specification.

Bituminous material for the tack or prime coat shall conform to Section M.04 of the CTDOT Standard Specification.

Material for joint sealer for pavement shall be a rubber compound of the hot-poured type and shall conform to Sub-Article M.04.02 of the CTDOT Standard Specification.

5.02.02.03 - Construction Methods: Permanent Pavement repair shall conform to the requirements of Section 4.06.03 of the CTDOT Standard Specification.

Permanent Pavement repairs shall not be made until such time as daily temperatures are forty degrees (40°) (F) or higher, and only after such time as the temporary road repairs have been subjected to vehicle traffic or other means so as to thoroughly consolidate the fill in the trenches, as directed by the Engineer. The trenches shall then be graded to receive the two course permanent pavement materials.

For permanent pavement repair, the temporary patch shall be removed and the edges of the existing pavement shall be restored by excavating a section at least twelve inches (12") wider than the original width on both sides of the excavation, cut in a straight, even line (saw cut edges of existing concrete pavement) and shall also include pavement damaged in the surrounding area because of construction activity, trench failure due to lack of trench support, cracking pavement, etc., in the immediate areas of the excavation. The excavation shall be to a depth of five inches (5") below the adjoining pavement surface, compacted and a bituminous tack coat applied prior to the installation of the 2 ½", when compacted, Bituminous Concrete Class 1 binder course and the 2 ½", when compacted, Bituminous Concrete Class 1 surface course. The surface course shall be brought flush with the adjoining pavement and finished to match it and shall be in accordance with the general practices for the construction of a five inch (5") hot mix asphalt pavement. Binder and surface courses shall be compacted with a steel wheel tandem roller weighing not less than ten (2) tons.

Regardless of the type of original pavement, the replacement shall be as outlined above.

Processed aggregate base shall be added as required to bring surface of base within 5" of adjoining pavement. The cost of processed aggregate base and preparation shall be included in the unit price of Standard Permanent Pavement Repair.

The preparation of the 18" deep processed aggregate base shall conform to Section 2.10 of the New Britain Standard Specifications For Municipal Construction.

All surplus material remaining after completion of the work shall be removed by the Contractor.

The edges shall be sealed by painting the joints with an asphaltic joint sealer.

5.02.02.04 – Method of Measurement: This item will be paid based on the Sq. Ft. measurement identified in the NOTICE TO CONTRACTOR – ASSIGNMENT LIST OF UTILITY CUTS TO BE REPAIRED.

6.02.02.05 – Basis of Payment: This work shall be paid for at the contract unit price per square yard for "Standard Permanent Pavement Repair" based on the Sq. Ft. measurement identified in the NOTICE TO CONTRACTOR – ASSIGNMENT LIST OF UTILITY CUTS TO BE REPAIRED. The contract price shall include the cost of mobilization, removal of temporary pavement, preparation of sub-grade, including the addition of processed aggregate base, cutting, matching and sawing pavement, dust control, re-setting all manhole and catch basin frames and covers, valve boxes, access covers and other items which have a fixed relationship to finished grade, as necessary, application of tack coat, two-course hot mix asphalt, trench edge sealing and all equipment, tools, materials, labor and work incidental to or necessary for the completion of the item.

Item 2. TRAFFIC PERSON

1.03.01 – Description: The description for Project Work covered by this specification shall be as set forth in Section 9.70 of CTDOT Standard Specifications, except that any references to "State Police Officers, Uniformed Flaggers, and 5% markup" are hereby deleted.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.
