FOR HOME BIRTHS**

FOR BIRTH MOTHERS IN A LEGALLY RECOGNIZED SAME SEX PARTNERSHIP

Adapted by CT DPH from the NVSS Mother's Worksheet for the 2003 Live Birth Certificate

The information you provide below will be used to create your child's birth certificate. The birth certificate is a document that will be used for legal purposes to prove your child's age, citizenship and parentage. This document will be used by your child throughout his/her life. State laws provide protection against the unauthorized release of identifying information from the birth certificates to ensure the confidentiality of the parents and their child.

It is very important that you provide complete and accurate information to all of the questions. In addition to information used for legal purposes, other information from the birth certificate is used by health and medical researchers to study and improve the health of mothers and newborn infants. Items such as parent's education, race, and smoking will be used for studies but will not appear on copies of the birth certificate issued to you or your child.
