## WHERE TO FILE THIS FORM

### File with the State Elections Enforcement Commission ONLY:

20 Trinity Street, Hartford CT 06106, Attn. Campaign Finance Disclosure Unit—3rd Floor

Statements filed by political committees formed to make only independent expenditures concerning candidates for Governor, Lieutenant Governor, Secretary of the State, State Treasurer, Comptroller, Attorney General, Judge of Probate, State Senator and State Representative or referenda questions proposing a constitutional question, a constitutional amendment or revision to the constitution shall be filed with the State Elections Enforcement Commission’s Campaign Finance Disclosure Unit.

### File with the Town Clerk ONLY:

Statements filed by political committees formed to make only independent expenditures concerning candidates in a municipal election or primary, or candidates for the position of town committee member, and referenda questions to be voted upon by the electors of a single municipality shall be filed **ONLY** with the town clerk of the municipality in which the election, primary, or referendum is to be held. In the case of a referendum question appearing on the ballot of two or more municipalities but not the entire state, such as a regional school district referendum, the proper filing repository is the town clerk of each of the municipalities involved.

## WHEN TO FILE THIS FORM

Statements filed with the **State Elections Enforcement Commission** must be filed by hand delivery or delivered by the United States Postal Service, a courier service or a parcel service and **received by 5:00 p.m.** of the required filing day or must be electronically filed through eCRIS not later than **11:59 p.m.** on the required filing day. Where a committee makes or incurs an independent expenditure which **exceeds \$1,000 in the aggregate for one or more candidates for Governor, Lieutenant Governor, Secretary of the State, State Comptroller, Attorney General, State Senator or State Representative after the applicable convention, caucus or town meeting is held to endorse candidates**, the committee is required to file **within 24 hours and must do so electronically through eCRIS**. 24 Hour reports submitted on paper – whether by mail, hand, fax, or email – will be deemed **insufficient**. The Commission strongly encourages all independent expenditure political committees that file with the Commission to file all reports through eCRIS.

Statements filed with the **town clerk** must be filed **by 4:30 p.m. or postmarked before midnight** of the required filing day.

If the due date falls on a Saturday, Sunday, or legal holiday, it is due on the next business day. *Please refer to pages 2– 4 of the instructions under “Type of Report” for more specific instructions on when filings are due.* This does NOT apply to 24 hour reports—which must be filed electronically with the required time frame.

## LATE FILING PENALTY

A mandatory late filing penalty of \$100 is charged for statements filed late **for any reason**. The fee is the personal liability of the treasurer and cannot be paid from committee funds. In addition, if a late statement is not filed within 21 days after notification of a missed filing date or within 7 days following a town clerk’s notice, the treasurer is liable for a minimum penalty of \$200 and may be liable for a fine of not more than \$2,000 or imprisonment for not more than one year or both.

### Independent Expenditures for Candidates for General Assembly or Statewide Office:

If the committee fails to report an independent expenditure which promotes a candidate for General Assembly or statewide office that was made or obligated to be made more than 90 days before the day of a primary or election, the State Elections Enforcement Commission may impose a civil penalty of up to \$10,000. *See General Statutes § 9-601d (i).* If the committee fails to report an independent expenditure that was made or obligated to be made 90 days or less before the day of a primary or election, the State Elections Enforcement Commission may impose a civil penalty of up to \$20,000. *See General Statutes § 9-601d (i).* Furthermore, if any such failure is knowing and willful, the Commission may impose a fine of up to \$50,000 and may refer the matter to the Chief State’s Attorney. *See General Statutes § 9-601d (i).*

**LATE FILING PENALTY *continued*****Independent Expenditures for Municipal Candidates, Judge of Probate Candidates or Referenda:**

If the committee fails to report an independent expenditure which promotes a municipal candidate, Judge of Probate candidate or a position on a referendum, the State Elections Enforcement Commission may impose a civil penalty of up to \$2,000. *See* General Statutes § 9-7b. Furthermore, if any such failure is knowing and willful, the person responsible for the failure shall also be fined up to \$5,000 or imprisoned for not more than five years, or both. *See* General Statutes § 9-623 (a).

**RECORD KEEPING**

The treasurer *must* keep internal records to substantiate each entry on the statement. Records must be maintained for no less than four years. *See* General Statutes § 9-607 (f) for record keeping requirements. The treasurer should also maintain copies of all statements filed and must provide a copy of each to the committee chairperson.

**COMPLETING THE COVER PAGE**

- Name of Committee:** Provide full name of committee as registered with the appropriate filing repository (State Elections Enforcement Commission or Town Clerk).
- Election/Referendum Date:** Independent expenditure political committees organized for a single primary, election, or referendum must provide the date of the primary, election or referendum for which they were organized. *Ongoing independent expenditure political committees should not complete this section.*
- Treasurer Name:** Provide the full name of the treasurer; first name, middle initial, last name and suffix, if any. This should be the same person who is the appointed treasurer and properly registered with the appropriate filing repository.
- Treasurer Street Address:** Provide the full and complete residential address of the treasurer.
- Type of Report:** Check the appropriate box to indicate what type of report is being filed. *Filing Deadlines for standard reports can be found on the Commission's website [www.ct.gov/seec](http://www.ct.gov/seec).* Whether your committee must file according to the standard filing calendar for political committees depends on who the independent expenditure is for and when it is being made, as more fully outlined below.

**Independent Expenditures for Candidates for General Assembly or Statewide Office:***Prior to the Nominating Convention – Periodic Reporting*

Prior to the nominating convention, any independent expenditure political committee that makes or obligates to make independent expenditures for candidate(s) for the office of Governor, Lieutenant Governor, State Treasurer, Secretary of State, State Comptroller, Attorney General, State Senator or State Representative must file this form on the next regular filing date for political committees (*more fully discussed below*). For example, an independent expenditure to promote a statewide candidate made on March 20th would be reported in a SEEC Form 40 filed according to the statutory deadline for the April 10th quarterly statement due for political committees.

*After the Nominating Convention – 24 Hour Reporting Period*

After the nominating convention, during the primary campaign or general election campaign, any independent expenditure political committee that makes or obligates to make independent expenditures in excess of \$1,000 in the aggregate for candidate(s) for the office of Governor, Lieutenant Governor, State Treasurer, Secretary of State, State Comptroller, Attorney General, State Senator or State Representative must file the SEEC Form 40 no later than 24 hours after making or obligating to make the independent expenditures. For example, if a committee makes or obligates to make an independent expenditure exceeding \$1,000 for a statewide candidate on July 13th, they should file the SEEC Form 40 electronically with the Commission no later than 11:59 p.m. on July 14th. If the independent expenditure does not exceed \$1,000 in the aggregate, the committee would file on the next regular filing date (*more fully discussed below*).

For statements needing to be filed within 24 hours, the period covered must include all financial activity of the committee beginning the first day not included on the committee's last filed Itemized Campaign Finance Disclosure Statement and be complete as of 11:59 p.m. of the day the independent expenditure was made or incurred. Check the box for **24 Hour Independent Expenditure** as well as the circle indicating if the expenditure is made in association with a primary or election (for special election, select "election").

**The statement must be transmitted prior to 11:59 p.m. on the required filing date via eCRIS.** Even if the required filing day falls on a Saturday, Sunday or legal holiday, the 24 hour deadline must be followed.

**COMPLETING THE COVER PAGE** *continued**After the Nominating Convention – 24 Hour Reporting Period – continued*

Note that the \$1,000 aggregate amount resets at the outset of each campaign period. Specifically, the \$1,000 threshold will begin running from the start of the election cycle through the convention, reset at the date of the convention through the primary campaign period (if applicable), and then reset again at the start of the general election campaign period. For example, if a committee makes an independent expenditure in the amount of \$900 for a candidate in a primary and the primary is held August 10, the limit resets at that time. Thus, if the committee then makes another \$900 independent expenditure for the same candidate on August 15, it still has not reached the threshold requiring it to file within 24 hours. If a committee makes or obligates to make an independent expenditure for a candidate who is not in a primary, the \$1,000 threshold will only reset at the date of the convention.

Note also that during the 24 Hour Reporting Period the \$1,000 reporting threshold resets after each SEEC Form 40 that is filed. This means that if a committee files a SEEC Form 40 during the 24 Hour Reporting Period, it does not have to file a subsequent SEEC Form 40 until it has made additional independent expenditures exceeding \$1,000 in the aggregate on their own (or has a regular filing due). For example, if a committee files a SEEC Form 40 on July 14th and then makes or obligates to make independent expenditures totaling \$500 on July 15th, no additional obligation to file is triggered. If, on July 16th, it exceeds \$1,000 in independent expenditures made or obligated to be made since the first SEEC Form 40 was filed, it must electronically file a SEEC Form 40 with the Commission no later than 11:59 p.m. on July 17th.

**Independent Expenditures for Municipal and Judge of Probate Candidates or for Referenda:**

A committee that makes or obligates to make independent expenditures to promote the success or defeat of a municipal or Judge of Probate candidate or a referendum question must file this form on the next regular filing date for political committees (*as more fully discussed below*). For example, an independent expenditure that is made to promote the success or defeat of a municipal candidate on April 2nd would be reported in a SEEC Form 40 filed according to the statutory deadline for the July 10th quarterly statement due for political committees.

If the independent expenditure is for a municipal candidate or a local referendum, then statements are considered timely filed if they are either postmarked by the United States Postal Service before midnight on or before the required filing deadline date or delivered by hand to the town clerk by 4:30 p.m. on or before the required filing deadline date. If the independent expenditure is for a Judge of Probate candidate or a statewide referendum, then statements are considered timely filed if they are received by the Commission's offices by 5:00 p.m. on or before the filing deadline date if delivered by the United States Postal Service, courier service, parcel service or hand delivery. If the filing deadline falls on a Saturday, Sunday or legal holiday, the filing is due on the next business day. **Please Note:** The SEEC's dedicated email address and fax number are NOT available for reporting independent expenditures for municipal or Judge of Probate candidates or referenda. Such reports may not be electronically filed.

**Regular Filing Dates**

Where a committee need only file according to the standard filing calendar, they can review the filing deadlines on the Commission's website, [www.ct.gov/seec](http://www.ct.gov/seec)

Additional information on non-standard reports is described below:

**45 days following referendum:** This report is only applicable to political committees formed solely for a referendum not held in November; in the case of political committees formed for referenda taking place at a regular November election, the January 10th filing shall serve as the 45 days following the referendum report.

**Termination Report:** For political committees formed for a single primary, election or referendum, the distribution of surplus may be made at any time after the date of a primary, election or referendum; however it is **required** to be made no later than 90 days after a primary or 90 days after an election or referendum not held in November, or by March 31 of the year following an election or referendum held in November. The termination filing is required to be filed no later than 7 days after the distribution.

For a political committee organized for ongoing political activity, a termination filing may be made whenever the committee has no funds remaining in its account, no debts and the committee wants to conclude all campaign activities.

**COMPLETING THE COVER PAGE** *continued***Regular Filing Dates** — *continued*

**Deficit Report:** For political committees formed for a single primary, election or referendum, the treasurer must file a statement 90 days after an election, primary, or referendum not held in November, or on February 7th of the year following an election or referendum held in November if the committee had a deficit. The treasurer is required to file an additional *deficit* report on the 7th day of the month immediately following an increase or decrease in the deficit that is greater than \$500 from the last filed campaign finance disclosure statement. The treasurer is required to report all activity beginning the first day not included in the last filed campaign finance disclosure statement and ending with the last day of the month preceding the day of the filing.

**Initial Contribution or Disbursement Report:** This report is only applicable to newly registered political committees and it must be itemized and complete as of the first day of a political committee's deposits into the committee's single checking account. The reporting period spans a single day and shall be complete as to **all** of the political committee's transactions on that date (i.e. receipts, disbursement, expenditures, etc.). If the initial contribution or disbursement precedes the filing of the registration statement, the treasurer must file a campaign finance disclosure statement itemizing all of the first day's transactions along with the registration statement. If the contribution or disbursement is made after the filing of the registration statement, the treasurer must file a campaign finance disclosure statement within 48 hours of the first day's transaction(s).

**Amendment:** This report refers to an edit of all or part of a previous statement for the period noted on line 9. **When filing Amendments, please list the report being amended and include the Cover Page, Summary Page Totals and any pages that have been amended.**

6. **Period Covered:** Enter the beginning and ending dates which this statement covers. The Beginning Date must cover the financial activity of the committee beginning the first day *not included* on the last filed campaign finance disclosure statement. The Ending Date must include all financial activity through midnight of the end date. For an **original** filing, these dates may not overlap dates covered in a previously filed campaign finance disclosure statement. For an **amendment**, these dates should be the same as the dates specified in the original filed campaign finance disclosure statement being amended.

If you have previously completed the **SEEC Form 21** (Short Form), and now must file this **SEEC Form 40** because the committee has exceeded \$1,000 in receipts or expenditures, the period covered for ongoing political committees must include all of the reportable transactions beginning January 1 or from the date of their inception if formed after January 1. For committees established for a single primary, election or referendum, the period covered must include all of the reportable transactions since the committee's inception. *Filing Deadlines for standard reports can be found on the Commission's website [www.ct.gov/seec](http://www.ct.gov/seec)*

7. **Certification:** This form must be signed by the appointed and properly registered treasurer or deputy treasurer. In addition, print the name of the treasurer or deputy treasurer and the date.

## PART I. RECEIPTS

Part I requires the treasurer to disclose all receipts in Sections A through E, dependent upon the source, amount and nature of the receipt. Treasurers must deposit contributions within 20 days of receipt.

### A. Total Contributions from Small Individual Contributors

In Section A, enter the total amount received from *small individual contributors* for the period covered by this statement. A *small individual contributor* is an **individual** who has contributed **\$50 or less** to date. A treasurer is **permitted** to itemize each contribution, irrespective of amount, and report all of the individual contributors in Section B, "Itemized Receipts." If you have itemized a contribution in Section B, **do not** disclose this contribution in Section A. Internal documentation of the names and addresses of small individual contributors reported in Section A must be kept by the treasurer in order to determine when an individual has exceeded the \$50 threshold. All such internal records are subject to audit by the Commission. Any contributions that have exceeded the \$50 threshold must be itemized in Section B.

**EXAMPLE:** John Doe contributed \$20 in a previous period and that amount was included in the total reported in Section A of the previous filing. In the current reporting period, John Doe has contributed an additional \$40; therefore his total contributions in the aggregate are \$60. John Doe is no longer considered a small contributor and the contribution must be reported in Section B along with all of the other required information for that section. His contribution for the period would be reported as \$40 and his aggregate contributions to date reported as \$60.

**Subtotal Section A:** Enter the total amount from small individual contributors received for the period.

### B. Itemized Monetary Receipts

In Section B, report all **monetary** receipts.

**Name, Street Address, City, State, and Zip Code:** Enter the name and address for each source of receipt—whether it be an individual, committee, business entity, organization, bank or other person. P.O. Boxes may not be used. If the person is an individual, the individual's residential or work address is acceptable.

**Principal Occupation and Name of Employer** (*contributions from individuals only*): Record the individual's principal occupation and name of employer if the contributor has given in **excess of \$100 aggregate** contributions to date. For a political committee authorized to contribute to statewide or General Assembly candidates, contributors must disclose name of employer if the contributor has given in **excess of \$50 aggregate** contributions to date.

**Source Type:** Check the appropriate box for the source of the funds, either **Individual / Sole Proprietorship, Committee, Bank, Affiliated Business Entity, Affiliated Organization** or **Other**. "Sole proprietorship" includes sole proprietorships and solely owned professional corporations. "Affiliated Business Entity" is to be used by political committees established by a business entity when receiving funds from the affiliated business (i.e., the business that established it). "Affiliated Organization" is to be used by political committees established by an organization when receiving funds from the affiliated organization (i.e., the organization that established it). "Other" includes firms, partnerships, organizations, associations, syndicates, company trusts, corporations, limited liability companies or any other legal entity of any kind.

## B. Itemized Monetary Receipts *continued*

**Type of Receipt:** Indicate the purpose for which the funds were received, described more fully below:

- **Contributions** is generally for monetary receipts from **individuals** that are in excess of \$50 in the aggregate to date (*an individual who has contributed \$50 or less to date may be reported in Section A, "Total Contributions from Small Individual Contributors"*), or from other **committees**, or from any other **persons** such as firms, partnerships, organizations, associations, syndicates, company trusts, corporations, limited liability companies or any other legal entity of any kind.
- **Reimbursement for Shared Expense** is to be used when the source has given funds to the committee as a **reimbursement** for an expense they shared. The description field must be completed where the type of receipt is a reimbursement.
- **Bank Interest** is for when the committee has **earned interest** on its bank account during the reporting period. The Source Type will be "Bank" in this instance.
- **Surplus Distribution** is to be used when a **terminating committee** has chosen to distribute its surplus to your committee. Note that the distribution of funds from an ongoing political committee that is terminating would be reported as a contribution whereas the distribution of funds from a terminating durational political committee would appropriately be considered surplus distribution. For more information on which type of committees may distribute surplus to the committee, please see the Commission's website [www.ct.gov/seec](http://www.ct.gov/seec). The Source Type will be "Committee" in this instance.
- **Contribution from Affiliated Treasury** is only for (1) a political committee **established by a business entity** which has received a transfer of funds from the affiliated business entity; and (2) a political committee **established by a labor union or dues receiving professional association** which has received a transfer of funds from the affiliated labor union or dues receiving professional association. The Source Type will be "Affiliated Business Entity" or "Affiliated Organization," as appropriate.
- **Miscellaneous** includes all other monetary receipts, such as rebates, credits, and refunds. The description field must be completed where the type of receipt is miscellaneous.

**Is this receipt associated with an event reported in Section F?:** Check the appropriate **Yes** or **No** box. If **Yes**, record the "Event #" as reported in Section F.

**Method of Receipt:** Indicate the manner in which the funds were received: either **Cash, Check, Credit / Debit Card, Payroll Deduction, Money Order** or **Electronic Funds Transfer (EFT)**. EFT's are direct debit payments, sometimes called electronic checks, for which a business debits the bank account for payment for goods or services.

**Aggregate Receipts:** Add the total of all of the aggregate receipts from this source and record the amount. Aggregate is the total for the calendar year for an ongoing political committee *or* the total since the committee's establishment for a durational political committee. When determining the amount of aggregate receipts from an individual, the value of any "In-Kind Contributions" entered in Section D must also be included in the total as well as small contributions previously reported in Section A.

**Is contributor a lobbyist, spouse, or dependent child of a lobbyist?** (*contributions from individuals or other persons*): Answer the question by checking the appropriate **Yes** or **No** box. **Please Note:** Certain committees are limited in the amount and timing of the lobbyist contributions they may receive. *Information regarding these limitations is available on the Commission's website [www.ct.gov/seec](http://www.ct.gov/seec)*

## B. Itemized Monetary Receipts *continued*

**Is the contributor a state contractor, prospective state contractor or principal thereof?** (*applicable only to political committees authorized to spend on statewide or General Assembly candidates*): Check the appropriate **Yes** or **No** box. If **Yes**, indicate which branch or branches of government the contract is with. **Please Note:** Committees authorized to spend on statewide or General Assembly candidates are prohibited from receiving contributions from state contractors, prospective state contractors or principals thereof. *Information regarding these prohibitions is available on the Commission's website [www.ct.gov/seec](http://www.ct.gov/seec)*

**Amount Received:** Record the amount of the funds received by the committee.

**Description:** Provide a brief description of the transaction. *This field is required to be completed for Reimbursements for Shared Expenses and Miscellaneous Receipts.*

**Date Received:** Record the date that the funds were **received by the committee**. This date may differ from the date written on the check or the date of deposit.

**SUBTOTAL Section B – This Page:** Add together each receipt reported on page 3 in Section B and record the total.

**TOTAL of additional Section B Pages:** Total and record the amount of all additional Section B pages (if applicable).

**TOTAL OF ALL RECEIPTS:** Add together all of the amounts reported in Section A and all Section B pages of this filing. Record the amount on this line and on **Line 13, Column A** of the Summary Page Totals.

## C. Loans Received this Period

In Section C, separately report each loan received during this period. Proper documentation and internal recordkeeping is critical when receiving loans from any source. All loans should be documented in a manner that expresses the terms of the loan (i.e. loan term, interest, payment amounts, etc.).

**Name of Lender, Street Address, City, State, and Zip Code:** Enter the name and address of the lender of the loan.

**Source of Loan:** Check the appropriate box for the source of the loan: **Bank**, **Individual**, **Committee** or **Other**.

**Date of Receipt:** Record the date that the loan was received by the committee. This date may differ from the date written on the check or the date of deposit.

**Is there a Cosigner or Guarantor of this loan?:** Check the appropriate **Yes** or **No** box.

**Name of Cosigner/Guarantor, Street Address, City, State, and Zip Code:** If applicable, enter the name and the address of the Cosigner/Guarantor.

**Amount Received:** Record the amount of the loan.

**TOTAL SECTION C:** Add together each individual loan reported in Section C of this filing and record the total on this line and on **Line 11 and Line 18a, Column A** of the Summary Page Totals.

## D. In-Kind Contributions

In Section D, separately report each In-Kind Contribution received by the committee during the period covered by this statement. In-Kind Contributions include the provision of goods, services, or other items at no charge or at less than fair market value to the committee. Volunteer services by individuals are not considered In-Kind Contributions.

**Name, Street Address, City, State, and Zip Code:** Enter the contributor's name and address. P.O. Boxes may not be used. If the person is an individual, the individual's residential or work address is acceptable.

The expenditure of a committee's funds to make a contribution to another committee is to be distinguished from an expenditure of committee funds to **pay the other committee (POC)** for shared expenses. *See explanation of POC below.*

**CNSLT:** expenditure to a professional **consultant**. Professional consultants are individuals or entities that are paid by the committee as independent contractors for their professional advice. They are not salaried employees and they are not individuals who are serving the committee as volunteers. Examples: management firms, public relations firms, lawyers and accountants, etc. However, for payments to professional consultants who design polls and surveys, or advertising messages, use the more specific code (ex. **A-DM, A-OTHR, POLLS**). If the payment to a professional consultant includes costs paid or incurred to some other vendor, following completion of the entry of this expenditure, go immediately to Section J, "Itemization of Reimbursements and Secondary Payees," and follow the instructions for reporting of **Secondary Payees**.

**\*EFV:** expenditure for **equipment, furniture, and vehicles**. Record only the portion of the cost that is actually paid. Cost includes any costs associated with the delivery or installation of the item. Equipment includes computers, printers, phones, etc. The text box of the **Description Field**, which is **mandatory** in this situation, must list the item, and whether the expenditure is a purchase, rental or lease. *Please Note:* Vehicles may only be leased and may not be purchased.

**FOOD:** expenditure paid directly to a vendor for food and beverage, **except** if the vendor is paid for these items in association with the committee's own sponsored **fundraiser** (*see FNDR below*).

**\*FNDR:** expenditure associated with holding a committee **fundraising event** (i.e. payments to restaurants, hotels, caterers, food and beverage vendors, invitations, entertainers performing at the event, paid speakers, etc.). Advertising content that includes as part of the message invitations to individuals to attend a committee fundraising event in return for a contribution or attendance fee must, however, be coded **FNDR** irrespective of the advertising delivery method.

**\*GIFT:** record the purchase of any item that is to be given as a **gift** to any individual or entity. Gifts to committee workers are generally limited to an aggregate of \$100 per recipient. The text box of the **Description Field**, which is **mandatory** in this situation, must identify the item purchased as well as the name and address of the individual or entity who is the recipient of the committee's gift.

**LOAN:** expenditure to record the payment of the committee's **LOAN**, whether principal, interest or both. *Please Note:* Any penalties assessed for non-payment on a loan, if not paid by the payment due date, must be disclosed as additional "Expenses Incurred by Committee but not Paid During This Period" in Section I of the SEEC Form 40.

**OFFICE:** expenditure for **office supplies** such as paper, pens, printer cartridges, etc.

**OVHD:** expenditure of **overhead operating** costs, including the cost of renting office space, parking spaces, repairing or servicing office furniture and equipment used in connection with committee activities, related insurance, utility payments for committee headquarters, subscriptions and similar overhead operating expenses.

**Party Building Activity:** Each expenditure code beginning with "**PBA-**" is to be used to identify party building activity, which includes but is not limited to, any political meeting, conference, convention and other event, attendance or involvement at which promotes or advances the interests of the party at a local, state or national level, and any associated expenses.

The text box of the Description Field, which is mandatory for all "**PBA-**" codes, must identify the name, date and location of the political meeting or event, the name of the entity sponsoring the event, as well as the number of individuals that this reported expense covered.

**\*PBA-ATT:** expenditure for an **attendance or admission fee** for a political meeting, conference, convention, or other event, attendance or involvement at which promotes or advances the interests of the party at a local, state or national level.

**\*PBA-TRVL:** expenditure for the costs of **travel and lodging** associated with attendance at a political meeting, conference, convention or other event, attendance or involvement at which promotes or advances the interests of the party.

**\*PBA-OTH:** **other party building expenditures** such as meals associated with attendance at a political meeting, conference, convention or other event, attendance or involvement at which promotes or advances the interests of the party.

## EXPENDITURE CODE ADDENDUM

**For use with Sections G, H, I & J of the SEEC Form 40**

**Asterisk \* adjacent to the left of the Expenditure Code indicates that Description Field is Mandatory**

**PETTY:** expenditure to replenish the committee's **petty cash fund**.

**POC:** expenditures to record a **payment to another committee** for a reimbursement of a shared expense. *Please Note:* The committee must reimburse the other committee within a reasonable amount of time to avoid it becoming an in-kind contribution. The Commission has said that a reimbursement received **within 45 days** of the date of the expenditure will not be considered an in-kind contribution. The

**POC**

expenditure code category must be distinguished from expenditures that are coded as **contributions to another committee (CNTR)**.

**POLLS:** expenditures associated with **conducting polls and surveys**. This category is to be distinguished from phone banks (**A-PH-BNK**) because the information isn't just delivered to the public but opinion is carefully being sought and collected from the public in some manner to produce a poll or survey result or report. If a professional consultant is both designing *and* conducting the poll or survey, use **POLLS** as the expenditure code, not **CNSLT** (*see above*).

**POST:** expenditures for **postage**, such as stamps, bulk mail permits, post office boxes and envelopes, United Parcel Service, Federal Express, etc.

**PRNT:** expenditures associated with the costs of **printing**, photocopying or reproducing literature, stationery, invitations and the like.

**RMB:** expenditures to **reimburse committee workers or consultants**. This is when the cost of payment for something needed by the committee is advanced by the committee worker or consultant and reimbursement is sought. *Please Note:* The committee must reimburse within a reasonable time to avoid it becoming an **In-Kind Contribution**. The Commission has said that a reimbursement within 45 days of the expenditure will not be considered an In-Kind Contribution. After making payment to the worker or consultant, reporting this item also requires full reporting of the **Secondary Payees** appearing on the payment slip of the committee worker or consultant. Go immediately to Section J, "Itemization of Reimbursements and Secondary Payees," and follow the instructions for reporting of Secondary Payees.

**REF:** **refunds** are expenditures of any committee funds that were deposited into the committee's checking account and then returned to a contributor or any other revenue source for any reason.

**SRPLS:** expenditures which are **surplus distributions** in connection with the termination and dissolution of a durational committee.

**TRVL:** expenditures for an individual's **transportation** costs and **lodging** authorized by the treasurer, such as the cost of gasoline, other transportation fare, and lodging. The cost of **attending** any event should be coded as **attendance** (*see ATT above*) and **any separate payment** for **food** outside the cost of the attendance fee should be coded as **FOOD**.

**WAGE:** expenditures for **wages and benefits** paid to the committee's staff. This is to be distinguished from payments to professional consultants (**CNSLT**) who are independent contractors.

**WEB:** expenditures for accessing and having a presence on the **WEB**. This includes payments to develop or maintain: (a) a committee website; (b) an internet provider; (c) a domain name on the internet; (d) payments to a merchant account processor or a payment gateway provider to enable the committee to receive credit and debit card contributions over the internet; and (e) similar costs relating to use of the internet. This is not to be used for any costs related to advertising on the web (*see A-WEB above*).

\***MISC:** expenditures of **Miscellaneous** items that are not listed above. The text box of the **Description Field**, which is mandatory in this situation, must explain in narrative form, with sufficient clarity, the purpose of this expenditure. *If more than one of the above codes applies to an expenditure, do not use MISC and instead report all applicable codes.*
