

THORNTON ACADEMY

SUMMER PROGRAM

Summer at Thornton Academy offers a residential program on our campus, situated in the beautiful, coastal town of Saco, Maine. As a well-known summer destination, Maine has vast opportunities for enjoyment and recreation. Our summer students take advantage of Maine’s location—and their choice of courses—to grow personally and academically.

Our summer program is open to both domestic and international students, ages 12-17, whether or not they are currently enrolled at Thornton Academy.
