SUFFIELD PUBLIC SCHOOLS
Suffield, Connecticut

2021-2022 Class Size Report and Staff Accounting
As of October 1, 2021

For budgeting and staff accounting purposes, it is essential to have an exact count of the number of positions we have in the school system. Since there are distinct differences, even within a given category, it is necessary to think in terms of “staffing equivalents”. We use the term “full-time staffing equivalent” or “FTE” to represent a full time case load for the week. Therefore, when a teacher works less than full time or more than full time, this can be appropriately represented in decimals. What constitutes a full time schedule for a teacher varies depending upon the grade and/or subject level taught.

Elementary:

At the elementary level, a teacher assuming the typical responsibilities of an elementary teacher for the full school day shall be counted as one (1.0) FTE. Reduced or split assignments shall be proportional to the full time staffing equivalent and expressed as a decimal.

Middle:

The middle school schedule is wrapped around a central teaming concept. At middle school the increasing complexity of individual content areas requires that teachers have specific content certification. This results in students interacting with as many as six or seven different teachers in a single day. The SMS schedule bridges this transition from one to many teachers by clustering different content teachers on teams. At SMS, there are two teams at each grade level comprised of a math, science, social studies, and an English teacher. These teachers all share the same group of students. The majority of the teachers at SMS work on these grade level teams as one (1.0) FTE. Teachers of world language, physical education or the unified arts work with students from all grade levels on a complex, rotating basis throughout the year.

High:

A Suffield High School teacher teaching five periods equates to a full time caseload or one (1.0) FTE. Reduced or split assignments are proportional to the full time staffing equivalent and expressed as a decimal.

Non-teaching positions:

An individual carrying the usual responsibilities in his/her assignment areas for the entire work day as defined by contracts shall be counted as one (1.0) FTE. Reduced or split assignments are proportional to the full time equivalent and be expressed as a decimal.

CLASS SIZE

The 2021-2022 Board of Education budget provides for the total number of staffing positions authorized to support the educational programs of the Suffield Public Schools. The school administrators are responsible for allocating general education staff in accordance with Class Size practice and the contract between the Suffield Board of Education and the Suffield Education Association (SEA).

The following chart represents the class size practice being used for the 2021-2022 school year:

Grade Level	Desired Class Size in SEA Contract
K & 1	25
2	25
3-5	25
6-12	25

SPECIAL EDUCATION

SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 addresses the need to provide students with disabilities the support and modifications necessary to allow them to benefit from one of or more of the major life activities. Major life activities means functions such as caring for one's self, performing manual tasks walking, seeing, hearing, speaking, breathing, learning, and working. All students who qualify for special education would also qualify under Section 504. Some students do not require specifically designed instruction under IDEA and only require services under Section 504.

The ACT states that a school district must provide students who are disabled with an opportunity to participate and benefit from their school program.
