

To: California Commission on Teacher Credentialing

Re: Statement of Intent

Date:

CLAD/BCLAD, Teacher Librarian Services, Resource Specialist

I agree to work through an accredited California college or university to complete a minimum of six (6) semester units of coursework for this certificate or credential. I realize this coursework must be completed after the issuance date of the current permit and prior to a possible reissue request and must be verified by an authorized individual in Human Resources at the district office where I work or the authorized individual in the credentials department at the college or university.

***CLAD/BCLAD**

In lieu of the six (6) semester units of course work (with a grade of "C" or better), I may pass two sections of the appropriate CTEL examination prior to a possible Reissuance of this emergency permit.
