

NORTHRIDGE HIGH SCHOOL

DAVIS SCHOOL DISTRICT

Press Release
For Immediate Release
November 4th, 2021

Layton Utah (November 7th, 2021)-Northridge High School formally commits to supporting past, present and future military families that attend our great school. As a school community council, we understand and are grateful for the important role those military children play in the armed forces community. Utah is home to more than 13,000 children whose parents serve in the military. Military families deserve our respect and support as they continue their vital work in our Community, State and Nation.

Whereas Utah is an active participant in the Interstate Compact on Educational Opportunity for Military Children, which facilitates successful transitions for military children who face relocation between states; and

Whereas the children of our service members continue to make significant contributions to schools, communities, the Nation and our State, despite prolonged and repeated absences of one or both parents; and

Whereas the average military student faces transition challenges more than twice during high school, and most military children will attend six to nine different school systems throughout their lives from kindergarten to 12th grade; and

Whereas the Utah State Board of Education and the State Council on Military Children launched the Purple Star Schools Program to recognize Utah schools for their excellence in supporting military connected children and their families; and

Whereas by partnering with school liaison officers, military leaders, educators and community organizations we can provide unique support needed for military service members and their families during all stages of transition and deployment.

Now, THEREFORE, We, the Community Council of Northridge High School, do recognize and affirm our support for military families that attend our great school.
