

Liberty Elementary Home/School Compact 2021-22

At Liberty Elementary we believe the success of each child is strengthened by a partnership between the school and the home. The key to this partnership is open communication so everyone understands their responsibilities for increasing student learning. Many of the responsibilities of the school come from the requirements of Title I, a Federal Educational Program supporting schools. The purpose of this document is to describe the responsibilities of the student, family and school. Working together we can teach and motivate students to succeed in school and life. We have a school wide Title I program that provides funding to support the teaching and learning in our classrooms.
