* The above resources are not sponsored or specifically recommended by Rosary Academy or any of its employees. You may inquire about insurance coverage or reimbursement, depending on your health insurance plan. Rosary Academy also recommends that families check with their insurance company regarding in-network providers. It is helpful to determine insurance coverage prior to the first appointment, to check references and to interview the provider at the first appointment to make sure such provider is a good fit. The list is a non-comprehensive list of independent community resources that serve Orange County.
