"It feels like we are a community. My classmates and teachers listen and are there for each other. I feel like we have space to express ourselves."

—East Central Middle School student

Thank you Tulsa for investing in every child and every school!

Because of you, every child in our district will see, feel, and experience the benefits of the 2021 Bond package. Tulsans have made a five-year \$414 million investment in safe and accessible schools; state-of-the-art educational technology; sustainable student transportation; and rigorous, engaging, and culturally sustaining learning experiences that prepare students for success in college and careers.

**At East Central Middle School, the 2021 Bond for Tulsa Public Schools includes:**

- » Redesigning the school's front entrance to provide a safe, welcoming, and secure student, parent, and visitor experience;
- » Funding repairs to the school's parking lot and sidewalks and improvements to exterior lighting;
- » Upgrading the auditorium lighting and sound system, and providing new stage curtains and seating; and
- » Remodeling the school's science labs and investing in STEM equipment.
