

Dear Parents:

As you know, students are enrolled for the full academic year and no adjustment of tuition and fees can be made by The Summit for absences, withdrawal, or dismissal.

This policy is necessary as The Summit has continuing expenses such as plant maintenance and faculty salaries. In order to plan and maintain these services for the year, it is essential that the annual income from tuition and fees be stabilized. Therefore, in the interest of parents, we are pleased to announce that we have made arrangements to protect students under the Tuition Refund Plan.

This plan will provide: 1) 100% allowance of unused tuition and fees in the event of withdrawal for 31 or more consecutive days due to injury or sickness. 2) 75% of unused tuition and fees in case of dismissal and 3) 60% of unused tuition and fees in the event of withdrawal for other reasons including a mental health condition causing an absence of 31 or more consecutive days. These benefits only kick in after the student has attended 14 or more consecutive calendar days beginning with the student's first class day of attendance in the academic year. The Tuition Refund Plan becomes effective on August 1, 2022. In the event of the student's inability to attend school due to a covered medical reason, the student will be eligible for benefits as defined in the attached brochure under the withdrawal for medical reasons section. Please note, medical coverage becomes effective August 1. The Plan is fully described in the attached brochure. The cost is 1.8% of tuition and fees.

The Summit offers you the Tuition Refund Plan as a means to insure your annual financial obligation under the terms of the accompanying Reservation Agreement Enrollment Contract. This protection is important to you, and we recommend that you participate in the Tuition Refund Plan. All registrations for 18 months-old's through three-year-old's who are new to the Montessori Program are required to participate in the Tuition Refund Plan. Should The Summit move to remote learning for preschool students, tuition insurance will not be provided for withdrawals. Any current family participating in the Tuition Refund Plan must sign up no later than August 1, 2022. New families who register after August 1, 2022, may register for the Tuition Refund Plan at the time they sign their enrollment contract.

Please read the information regarding the Tuition Refund Plan that appears in the Reservation Agreement Enrollment Contract and the Tuition Refund Plan brochure carefully and indicate on the Reservation Agreement Enrollment Contract whether you desire the coverage or not.

Considering the no refund or cancellation enrollment terms, we recommend that all parents in their own interest participate in the Tuition Refund Plan.

Sincerely,

Richard Wilson  
Head of School

# The Tuition Refund Plan

The Tuition Refund Plan is in use at over 1200 leading independent schools and colleges.

# Why do you need the Tuition Refund Plan?

Your financial obligation to the school is for the full annual tuition as stated in the school's enrollment contract. The school cannot refund tuition or cancel unpaid obligations if a student is forced to withdraw during the academic year.

If your student withdraws, the Tuition Refund Plan will pay benefits (subject to the terms of the policy and the amount insured) to the school, which provides substantial assistance in meeting your financial obligation.

Every year, thousands of students must withdraw from private schools. The following are examples of reasons why:

- Family Move
- Change of Objective
- Injury or Sickness
- Death of Parent or Student
- Disciplinary Dismissal
- Scholastic Difficulties
- Financial Problems
- Mental Health Conditions
- Job Loss

This leaflet explains how to protect your tuition commitment against unforeseen withdrawals or dismissals. The Plan provides substantial insurance protection at a modest cost.

# What the Plan covers

## Withdrawal or absence for medical reasons

- The Plan will pay 100% of the unused yearly insured fees, provided the student's injury or sickness forces the student to withdraw from school or medical absence lasts for 31 or more consecutive calendar days (including weekends and holidays). Benefits are paid retroactive to the first day of medical absence.
- The Plan will pay 60% of the unused yearly insured fees, provided the student's mental health condition, as referenced in DSM V, forces the student to withdraw from school or medical absence lasts for 31 or more consecutive calendar days (including weekends and holidays). Benefits are paid retroactive to the first day of medical absence.

## Withdrawal for other than medical reasons

(Examples include: moves, change of objective, financial hardship and voluntary withdrawals.)

- The Plan will pay 60% of the unused yearly insured fees provided the student has withdrawn from school after attending more than fourteen consecutive calendar days (including weekends and holidays) beginning with the student's first class day of attendance in the academic year.

## Dismissal from the school

- The Plan will pay 75% of the unused yearly insured fees provided the student is dismissed from the school after attending more than fourteen consecutive calendar days (including weekends and holidays) beginning with the student's first class day of attendance in the academic year.

## Definitions and conditions

- The “academic year” (referred to as “period of coverage” in the policy) upon which benefits are based consists of the actual calendar days in the school year (including weekends, holidays and vacations) beginning with the first day of formal academic instruction (excluding pre-season athletic practice, orientation, registration and graduation days) and ending with the last day of formal academic instruction, including examinations.
- “Withdrawal or absence for medical reasons” means complete, involuntary severance from classes as certified to and regularly treated during the period of coverage by a legally qualified medical practitioner, not related to the student.
- “DSM V” is the American Psychiatric Association’s Diagnostic and Statistical Manual.
- “Withdrawal for other than medical reasons” means complete, voluntary severance from classes for the balance of the academic year.
- “Dismissal” means complete, involuntary severance from classes by the school authorities for scholastic or disciplinary reasons for the balance of the academic year.
- “Unused yearly insured fees” means the portion of the insured fees paid or payable by the insured student/parent for the remaining time in the current school year after the student’s withdrawal or dismissal. (i.e., the prorated tuition insured from date of separation to the end of the academic year.)
- “Preschool” means any instruction, program or service rendered to students who attend early childhood, nursery or any other program for children prior to or below the kindergarten level.

## Definitions and conditions (continued)

- Medical benefit period ends immediately upon student's resumption of classes at any school or upon becoming gainfully employed.
- Under this policy coverage ceases on the last day of formal academic instruction by the school for any reason. For preschool students the last day of academic instruction will include the school's announcement/ provision of any virtual, remote, online or similar type of education or service in lieu of education or services on the physical campus.
- Withdrawal or dismissal must result in the loss of scholastic credit at the school.

## Period of coverage

### **Coverage is effective under the Plan as follows:**

**MEDICAL:** From August 1 through the last day of the academic year.

**NON-MEDICAL / DISMISSAL:** For the entire academic year after meeting the fourteen-day attendance requirement.

**LATE-ENTERING STUDENTS** who commence classes after opening day may enroll in the Plan provided premium is paid within 10 days after starting classes. Medical coverage begins on the date the premium is received. Non-medical coverage is effective after the student has satisfied the fourteen-day attendance requirement.
