HOUR
OF
CODE

Our Computer Science unit kicks off with the

Grade 3

3rd graders are creating fun, imaginative projects with Hello World: Animal Sprite Lab. Students are learning to create and animate sprites and make them interactive with events.

An event tells your program to listen for something to happen, and then react right away. An example of an event is listening for a mouse click, an arrow button press or a tap on the screen.

Grade 2

2nd graders are creating with the Scratch Jr. app. Students are using graphical programming blocks to make their characters move, jump, dance and sing.

Grade 1

1st graders are coding with the codeSpark app. Students are learning to think like a computer scientist. The students are breaking down problems, thinking in logical sequences, and using precise language to give the computer instructions to move their Foo through the puzzle.

K5

K5 students are learning to code with the Kodable app. Students learn to think like a programmer, and use coding basics to move their Fuzz through the mazes. K5 students are building their problem-solving skills and are learning to collaborate with others to solve difficult puzzles.

Talk like a Computer Scientist:

- Computer Science: Using the power of computers to solve problems and express ourselves.
- Programming: To give a computer or machine instructions.
- Sequence: The order that commands are performed by a computer.
- Loop: Repeat a sequence of instructions.
- Debug: Find and fix errors (bugs) in programs.

RESOURCES

UNPLUGGED ACTIVITIES (no computer needed)

Too much screen time? No problem!

There are lots of great unplugged activities to do that help students learn about coding and computer science.

Let's Create our own Dance Party!

Thinking like a computer scientist, we could:

- Write an **ALGORITHM** - list of steps for our dance

High + Body + This + High =
Clap Roll or That Clap

- Decide on an **EVENT** (or cue) to tell everyone when to change to a new dance move

Event Controller

Directions:

- Select a programmer. The programmer will tap or point to a shape (the EVENT). When he/she taps the shape, the dancers do that dance.
- Each time the programmer points to a new shape, the dancers change to that dance move.
- Start the music and have a dance party!

Graph Paper Programming

Directions:

- Choose one of the drawings below to program with a friend. Don't let them see which one you choose!

- Write the program on a piece of paper using the symbols below.

GIVE YOUR TEACHER A TRIBUTE CARD

Scratching your head over that perfect holiday gift for your child's teacher? Does he really need another mug or scented candle?

Here's another option: Give your teacher a tribute card instead, through a donation to the Glendale-River Hills School District Foundation.

When you donate to the tribute card program, 100% of your gift is available to support your teacher -- along with tribute gifts from other families -- and she can spend it on books, art supplies, globes, maps, music instruments, or anything else she decides her classroom needs.

No donation is too small to matter! And since your donation is being made to a non-profit organization, you might also be able to multiply your gift -- ask your employer if it has a matching gift program.

To give a tribute card to a teacher, staff member, or school program, just fill out the attached form and return it with your donation. We'll make sure that each teacher you designate receives a special card announcing your gift and providing instructions on how to use it.

LAST CHANCE FOR DIRECTORIES

Parent Teacher Organization

In the past, many families have found the PTO directory an invaluable tool for connecting with other families in the school community.

Unfortunately, in our new paperless environment, many families have not filled out the directory form. The district cannot give your information to us, so we need your help.

Click the link or scan the QR code to access the directory form.

You DO NOT need to pay to add your information to the directory.

Cultivating Compassion Resilience

The Glendale-River Hills School District will be offering an on-going group for district families and staff to discuss ways to build and maintain a sense of compassion resilience. The group will explore ways to act with compassion, saying “no” to support personal yeses, getting clear about expectations, creating a family/work culture one desires, and taking care of one’s mind, spirit, heart, and strength at the same time. The material for this group will be pulled from the Compassion Resilience Toolkit. For more information on what the group entails, please join a short overview on Monday, December 13 at 5:30 pm on Zoom!

Greetings Glen Hills Families,

As we continue to move through educating scholars in a pandemic and after almost a full year of virtual learning, we continue to monitor and adjust to meet their needs. After fielding concerns from teachers, scholars, and families about scholars feeling under pressure with academic demands we investigated our practices through stakeholder surveys around homework in conjunction with our most recent STAR data in Mathematics and Reading. The results of this work, which are outlined below, have led to a streamlining of homework practices to seek to limit the homework load while continuing to address clear areas of academic need.

Glen Hills Ukulele Club

Glen Hills Ukulele Club is for students of all ability levels. We provide instruction opportunities for beginners and performance opportunities for advanced students. We will meet Thursdays before school in the orchestra room from 7:40-8:15, from December 1st until April 28th.

- Drop off students at gym doors after 7:30 a.m.
- Open to grades 4-8
- Ukelele Club starts December 9th and meets Thursdays from 7:30-8:15 a.m.
- *Please follow Covid restrictions - masks covering mouth and nose, seated three feet apart, use your own music stand and instrument, do not attend if not feeling well. No snacks during ukulele time!*
- Bring your own ukulele or borrow a school instrument (school ukes stay at school).
- “Coffee Shop” performance after school date TBD

Please return the lower portion of this document to Ms. Woodward.

Ms. Woodward, Orchestra Director - Glen Hills Middle School

Glen Hills Ukulele Club

I would like to be a part of the Glen Hills Ukulele Club, from December 2nd until April 28th. This meets in the orchestra room on Thursdays from 7:30-8:15 a.m. I will follow covid protocols while participating in this group.

Come and play...all levels welcome!

Chess Club Covid Safety Protocols

Masks

Masks are required for all students participating in the chess club. There will be designated “mask break” areas for students that need to take their masks off for a period of time.

Personal Hygiene and Handwashing

Students are encouraged to follow proper hand washing procedures using soap and water or hand sanitizers that will be available throughout the building.

Physical Distancing

Students are expected to follow social distance protocols in all areas of the school building, when possible. The spacing for chess games will be a minimum of three feet. Frequent reminders will be used to reinforce this expectation.

Cleaning and Disinfecting

All chess game boards and pieces used will be sanitized before and after each use.

Water Fountains and Restrooms

Water fountain usage is limited. Students will have access to the bottle filler; the spouts are locked and unavailable for use. Students are encouraged to bring their own water bottle. Please make sure the students' names are clearly labeled on their water bottles.

Program for 4-Year-Olds and Entering Kindergartners

In this fun summer program, your child will learn to read. Children learn letter recognition, beginning phonics, and easy sight words. Your child will learn to read simple words and short sentences and will get excited about books and reading.

Program for Entering 1st Graders

In this fun summer program, your child will learn to read independently. Children learn phonics and sight words and build comprehension skills. Your child will develop a love of books and reading and get off to a great start in first grade.

Program for Entering 2nd Graders

In this fun summer program, your child will become a confident fluent reader. Children build solid phonics and word-attack skills and develop reading fluency and strong comprehension. Your child will develop a love of books and reading and get off to a great start in second grade.

Program for Entering 3rd Graders

In this fun summer program, your child will become a strong, enthusiastic reader. Children improve reading fluency and develop excellent comprehension. They build long-word decoding skills and expand their vocabulary. Your child will gain confidence, develop a lifelong love of books and reading, and get off to a great start in third grade.

Programs for Entering 4th and 5th Graders

In these fun and effective programs, your child will become a skilled, enthusiastic reader and a better writer. Students develop strong comprehension skills in fiction, nonfiction, and textbooks. They expand their vocabulary and learn to read more fluently and rapidly.

Students learn effective techniques that improve writing skills and build confidence. Your child will complete homework and writing assignments more quickly and easily, get better grades, and enjoy reading more.

Programs for Entering 6th, 7th, 8th, 9th, 10th, and 11th Graders

In these effective and enjoyable programs, your son or daughter will make substantial gains in comprehension in fiction and nonfiction, learn to read twice as fast, and become a better writer. Students expand their vocabulary and learn the best way to take notes and study for tests.

Students learn effective techniques that improve writing skills and build confidence. Your child will complete homework and writing assignments more quickly and easily, get better grades, and enjoy reading more.

"My daughter is sounding out words on her own, and she is so excited about reading to us! She loved this program, and I was very impressed with the books and materials."

– Parent of kindergartner

"Thanks to this program, my son is now reading independently and his confidence is through the roof. I cannot express enough how grateful I am for this program."

– Parent of 1st grader

"Online teaching is a special set of skills, and your teachers are spot on!"

– Parent of 2nd grader

"Allison loved doing the long-word decoding lessons. Her reading skills have improved tremendously, and she is reading more challenging chapter books."

– Parent of 3rd grader

"The teacher was phenomenal! She kept students engaged and participating, and my child was more excited about reading as the weeks went on."

– Parent of 4th grader

"Patrick's comprehension has really improved, and he loved the books. I've recommended this to other parents."

– Parent of 5th grader

"The lessons were fun and easy to follow. It is much easier for me to study and take notes now. I don't put off studying until the last day because I know I can get through it fast."

– 7th-grade student

"I liked tracking my reading speed and seeing it go up from week to week. I used to not like to read because it was too time-consuming, but now it's easier to finish."

Principal, Anna M. Young

Associate Principal, Wille L. Williams

In response to the data, Glen Hills has begun a partnership with ALEKS, a research-based, online learning program. The goal of this partnership is to streamline homework in mathematics to build needed skills in a way that is personalized to each of our scholars. ALEKS is an adaptive program, so it will recognize skills your scholar has already mastered as well as skills they need to further develop in mathematics. The program includes learning resources for scholars, such as video tutorials, links to math vocabulary, and a messaging system to your scholar's math teacher. The ALEKS program encourages strong math practices, such as taking notes and working problems out with paper and pencil. The district is providing composition notebooks for students to use while working in ALEKS.

Scholars will need to spend at least 2 hours per week working with ALEKS outside of the classroom as part of their homework routine. ALEKS will be your scholar's only math homework, and their work in ALEKS will be monitored by their math teacher and graded as homework. Scholars will continue their grade-level math learning during class time with the Bridges or Illustrative Mathematics curriculum in school.

Scholar login information will be provided to you by your scholar's math teacher. There is no separate parent login in. If you want to see how your scholar is progressing in ALEKS, login with your scholar and view their reports. Here is an informational video for scholars and their families: [Video Link](#).

Teachers in all other subject areas will coordinate their efforts to ensure that scholars have no more than 30 minutes of cumulative work in all other subject areas to limit the homework load to one hour per evening. Additionally, the focus of all work outside of mathematics should be focused on this work should be focused on reading, writing, language development or presentation skills.

If you have any questions regarding the ALEKS program, please contact your scholar's math teacher.

We appreciate your partnership in the education of your scholar.

Sincerely,

Update On Talent Development (Formerly Gifted & Talented) at Glen Hills Middle School

Greetings Families,

As we enter the 2021-22 school year we want to ensure that all of our families are aware of the expansion of Talent Development Programming (formally Gifted and Talented) for Glen Hills scholars. This programming was previously offered as a separate resource class for some students. Based on the 2020-21 audit of our programming, we will be enhancing our Talent Development programming to support all scholars in the following five areas; *Creativity, Leadership, General Intellectual Ability, Specific Intellectual Ability, and Performing and Visual Arts*. Glen Hills has a long standing tradition of Talent Development which is successfully led and facilitated by Lalitha Murali. The chart below highlights how Glen Hills will expand opportunities to scholars through co-planning and collaboration with Mrs. Murali and the content area teachers throughout the school year. Additional information about each of these opportunities will be developed by Mrs. Murali upon her return from India and communicated in the Thursday Folder. We are excited to continue our goal of reaching and developing all of our scholars to maximize their potential.

Month	Topic	Content Area	Grades	Access

GIVE YOUR TEACHER A TRIBUTE CARD

Scratching your head over that perfect holiday gift for your child's teacher? Does he really need another mug or scented candle?

Here's another option: Give your teacher a tribute card instead, through a donation to the Glendale-River Hills School District Foundation.

When you donate to the tribute card program, 100% of your gift is available to support your teacher -- along with tribute gifts from other families -- and she can spend it on books, art supplies, globes, maps, music instruments, or anything else she decides her classroom needs.

No donation is too small to matter! And since your donation is being made to a non-profit organization, you might also be able to multiply your gift -- ask your employer if it has a matching gift program.

To give a tribute card to a teacher, staff member, or school program, just fill out the attached form and return it with your donation. We'll make sure that each teacher you designate receives a special card announcing your gift and providing instructions on how to use it.

Cultivating Compassion Resilience

The Glendale-River Hills School District will be offering an on-going group for district families and staff to discuss ways to build and maintain a sense of compassion resilience. The group will explore ways to act with compassion, saying “no” to support personal yeses, getting clear about expectations, creating a family/work culture one desires, and taking care of one’s mind, spirit, heart, and strength at the same time. The material for this group will be pulled from the Compassion Resilience Toolkit. For more information on what the group entails, please join a short overview on Monday, December 13 at 5:30 pm on Zoom!

Student and Family Assistance Program (SFAP)

A free and
confidential resource

We can make a difference for students and families.

A healthy home and family life can nurture academic excellence.

To promote healthy homes, minds and families, your school is proud to offer the Student and Family Assistance Program (SFAP). Sponsored by the Employee Assistance Program (EAP) of Advocate Aurora Health (AAH), our counselors have been serving families for more than 25 years.

How it works

The SFAP is available at **no charge** to all students and family members residing within the household. Help begins when a family member or legally responsible adult calls the program.

Based on your needs, our specialists will:

- Connect you by phone with a professional counselor who will consult with you.
- Schedule a confidential appointment with a program counselor for you or your family. Many times, a family's concerns can be resolved within program sessions, saving time and money.
- Assist with an insurance- or community-based referral if your situation requires diagnostic or ongoing treatment.

All services are **confidential**. No information about you or your family situation will be shared with school personnel without your permission in accordance with state and federal law.

When to use the program

This varies from person to person. Generally, it's wise to seek help when a problem:

- Interferes with normal activities
- Occupies too much of your time
- Persists for more than several weeks

Typical concerns may include:

- Parenting support and coaching
- Academic pressures
- Alcohol/drug issues
- Anxiety and depression
- Child/family issues
- Divorce/blended families
- Marital/relationship issues
- Stress management

Additional services

Seeking a healthy balance

The following services are available to help families quickly and conveniently address other issues that may impact their lives:

- Legal consultation and mediation
- Financial consultation
- Child care resources
- Elder care resources
- Adoption information

Our promise to you and your family

Your privacy is protected in accordance with both federal and state laws regarding mental health and medical treatment records. The professionals within the SFAP make every effort to protect your privacy and ensure that your participation in the program is completely confidential.

How to reach us

Call **800-236-3231** and identify yourself as eligible for SFAP services through your school.

To learn more about these services or to schedule an appointment, please call **800-236-3231**.

Dear 1st-3rd Grade Parkway Families,

In-school roller skating begins in Physical Education classes the weeks of Nov 29 - Dec 22. Please be aware that ALL 1st - 3rd grade students are **REQUIRED** to wear a helmet and wrist guards. Personal bike helmets or skateboarding helmets from home are recommended to prevent lice. If your child does not bring in a helmet they will be **REQUIRED** to borrow one. Borrowed helmets are sprayed with disinfectant spray after each use. Students will be required to use the skates provided by Skatetime. No personal skates will be allowed for insurance and liability purposes.

If you send in any safety gear please make sure your child's name is on the gear. Please send gear by Nov 29th. Students will be keeping it in their school locker and bringing it to PE classes for the entire unit.

Due to covid protocols, we will not be able to invite volunteers to help this year. Thanks for your cooperation! Please call or email if you have any questions.

"My daughter is sounding out words on her own, and she is so excited about reading to us! She loved this program, and I was very impressed with the books and materials."

– Parent of kindergartner

"Thanks to this program, my son is now reading independently and his confidence is through the roof. I cannot express enough how grateful I am for this program."

– Parent of 1st grader

"Online teaching is a special set of skills, and your teachers are spot on!"

– Parent of 2nd grader

"Allison loved doing the long-word decoding lessons. Her reading skills have improved tremendously, and she is reading more challenging chapter books."

– Parent of 3rd grader

"The teacher was phenomenal! She kept students engaged and participating, and my child was more excited about reading as the weeks went on."

– Parent of 4th grader

"Patrick's comprehension has really improved, and he loved the books. I've recommended this to other parents."

– Parent of 5th grader

"The lessons were fun and easy to follow. It is much easier for me to study and take notes now. I don't put off studying until the last day because I know I can get through it fast."

– 7th-grade student

"I liked tracking my reading speed and seeing it go up from week to week. I used to not like to read because it was too time-consuming, but now it's easier to finish."

– 9th-grade student

Help Kids Balance Their Media Lives

From phones and tablets to streaming movies and YouTube, tech and media are everywhere. Kids love easy access to shows, games, and information. Parents and caregivers love that kids can learn on the go (and stay busy when dinner's cooking). But it's easy to overdo it when the phone never stops pinging and the next episode plays automatically. Families can keep media and tech use in check by following a few simple practices.

Check out these 5 tips

1

Create screen-free times and zones.

Help kids take breaks from tech by limiting screen time in bedrooms, during study time, or at the dinner table.

2

Try parental controls.

Set content limits that make sense for your family. Alongside conversations about healthy media habits, use features such as content filtering, privacy settings, and time limits offered by the apps and platforms your family uses to help manage access and exposure to media.

3

Establish clear family rules.

Decide together what kind of media and tech is OK -- and when it's OK to use it. A family media plan can help get everyone on the same page.

4

Watch and play together.

Choose quality, age-appropriate media to enjoy with your kids. Visit commonsensemedia.org to find shows, games, and more.

5

Help kids identify healthy behaviors.

Practice talking about feelings -- both physical and emotional -- during screen and non-screen activities.
