Truth in Taxation Law

Minnesota's Truth in Taxation Law requires that cities, counties and school districts follow certain steps before adopting a tax levy for the following year.

- The law requires a mailed notice to each property owner in the county, which describes the tax levies proposed by the city, county and school district and what percent increase (decrease) such a levy would mean in dollars.
- School districts are required to hold a single meeting in which the public is allowed to speak and the budget and levy is discussed. This meeting may be part of a regularly scheduled meeting but must occur after 6:00 P.M.
- The meeting date and location must be provided at the same time or prior to certifying the proposed property tax levy. The meeting date must be between November 24 and December 28.
- You are here tonight as part of the school district's public meeting process.

Requirements of the Truth in Taxation Public Meeting

1. Discuss proposed property tax levy for taxes payable 2022
2. Provide and discuss information on the current budget (2021-2022).
3. Public must be given a reasonable amount of time to comment on the proposed property tax levy and budget and to ask questions.

- Minnesota Statute 275.065

Points to Remember

1. Revenue formulas are set by the State Legislature except for voter approved referendums.
2. Local Levy and State Aid mix are set by the State Legislature.
3. An increase in local taxes does not necessarily mean an increase in revenues for the school district.

- **Minnesota Statute 275.065**

Minnesota School District Property Taxes - Key Steps in the Process

Step 1. The **City or County Assessor** determines the estimated market value for each parcel of property in the county.

Step 2. The **Legislature** sets the formulas for tax capacity. (E.g., for homestead residential property, tax capacity = 1% of first \$500,000 in value + 1.25% of value over \$500,000.) These formulas determine how much of the tax burden will fall on different types of property.

Step 3. The **County Auditor** calculates the tax capacity for each parcel of property in the county (based on values from step 1 and tax capacity formulas from step 2), as well as the total tax capacity for each school district.

Step 7. The **County Auditor** divides the final levy (determined by the school board in step 6) by the district's total tax capacity (determined in step 3) to determine the tax rate needed to raise the proper levy amount. The auditor multiplies this tax rate times each property's tax capacity, to determine the school tax for that property.*

Step 4. The **Legislature** sets the formulas which determine school district levy limits. These are the maximum amounts of taxes that school districts can levy in every category.

Step 5. The **Minnesota Department of Education** calculates detailed levy limits for each school district, based on the formulas approved by the Legislature in step 4. These limits tell districts the exact amounts that can be levied in every category.

Step 6. The **School Board** adopts a proposed levy in September, based on the limits set in step 5. After a public hearing, the board adopts a final levy in December. Final levy cannot be more than the preliminary levy, except for amounts approved by voters.

* For certain levy categories (referendum, equity and transition levies), tax rates and levy amounts are based on **referendum market value**, rather than **tax capacity**.

Fund Accounting Overview

All school districts' budgets are divided into separate funds, as required by law.

For our District, here are 4 primary funds:

1. **GENERAL FUND (Fund 01)**

- Revenue is based on student enrollment
- The local referendum levy is part of the General Fund
- Provides for classroom instruction, instructional supplies and equipment, and other educational activities
- Special Education, and State / Federal Mandated Programs
- Extra-curricular Activities / Student Activities
- Pupil Transportation
- Facilities Operation and Maintenance
- Capital Expenditures and Improvements
- Health and Safety Code Compliance

Fund Accounting Overview

2. FOOD SERVICE (Fund 02)

- School Breakfast and Lunch Program

3. COMMUNITY SERVICE (Fund 04)

- Levy is based on adult population in the District
- Early childhood levy is based on the number of children under 5 years of age
- Provides for enrichment programs for any age level that are not part of the K-12 education program
- Early Childhood Family Education
- School Readiness
- Adult Basic Education

4. DEBT SERVICE (Fund 07)

- Based on annual debt retirement schedules for the district's outstanding bonded indebtedness. Annual levy is for the payment of principal and interest on bonds as due. Current debt is a result of the voter approved Bond Issue for the new elementary school, high school HVAC update and high school remodel.
