Scope & Content: This collection contains records from and information about the Wisconsin Indian Education Association (WIEA) through the year 2012. Records include: financial, membership, and events. WIEA was established in 1985 by a group of concerned Indian Educators to carry on the efforts of the former Great Lakes Intertribal Council (GLITC) Education sub-committee. The GLITC Education Committee began in the early 1970's but was disbanded around 1983 because of a lack of funds. A group of concerned Indian Educators began meeting in 1984 and after a series of meetings during that year, developed By-laws and a mission statement. The group was formally organized in 1985 as the Wisconsin Indian Education Association (Description from WIEA website: <http://www.wiea.org/>). Virginia Nuske was Education Director for WIEA until June of 2016 when she retired.

Organization: Materials are in original order.

Language(s): English.
