PTC Feedback

Parents in support of continuing to hold conferences through Zoom. There needs to be more days dedicated to conferences. Some teachers were only available one evening. This was due to some of our overnight trips so we need to be better about scheduling conferences to not overlap with overnights if at all possible. Parents find the scheduling app frustrating. Please look into other apps. They liked meeting with 2 teachers together but there wasn't enough time allocated to this model. We also need to communicate about the scheduling window better. Parents went to schedule but they could not because they had missed the window.

Safe Technology and Digital Citizenship Requirements
