CORE BELIEFS

We believe that:

- Kids come first.
- Continuous learning is essential to prepare for college and career opportunities.
- Each student's success is the shared responsibility of students, families, schools, and communities.
- Learning is influenced by environment.

VISION

Northwest ISD empowers learners and leaders to positively impact the world.

MISSION

Northwest ISD, in collaboration with students, families, communities, and global partners, will engage in a culture of learning that prepares all students to confidently navigate their future.

PROFILE OF A GRADUATE

As 21st century citizens, Northwest Independent School District (NISD) students must be prepared with high levels of academic strength including literacy, digital skills, critical thinking, problem solving, collaboration, and communication. The mission of NISD is to provide a premier education, preparing all students to be successful, productive citizens. Embedded in our vision is that our students will be **future ready**: ready for college, ready for the global workplace, and ready for personal success. To accomplish this goal, a student who graduates from NISD *will be*:

Ready for College

*To prepare to be **future ready**, a student who graduates from NISD will:*

- Engage in relevant literacy through proficiency in reading, writing, listening, and speaking.
- Employ proficient and responsible use of digital media to effectively communicate, synthesize, and create new knowledge.
- Problem solve and critically analyze with determination to take risks, learn from mistakes, and adapt to new thinking.
- Determine validity and relevance of information resources in the development of research skills.

Ready for the Global Workplace

*To prepare to be **future ready**, a student who graduates from NISD will:*

- Connect and correlate knowledge and skills continuously through real-world applications in reading, writing, mathematics, science, social studies, the arts, and enrichment experiences.
- Construct new ideas through original and innovative thinking.
- Exhibit vision for personal learning and forward thinking to prepare for the future.
- Understand and adapt responsibly to a changing global community.

Ready for Personal Success

*To prepare to be **future ready**, a student who graduates from NISD will:*

- Practice ethical behaviors exhibiting integrity, respect, and commitment within a well-balanced lifestyle.
- Show initiative and responsibility through positive actions to express self-motivation, self-discipline, and perseverance.
- Communicate and collaborate by exercising a willingness to help and connect with culturally diverse individuals and groups to make necessary compromises toward accomplishing a common goal.

Prepare for the unknown by being empowered with tools to face challenges and life-long learning.

GENERAL INFORMATION and BACKGROUND

District of Innovation is a concept passed during the 84th Legislative Session in House Bill 1842. HB 1842 gives traditional independent school districts the opportunity to gain flexibility through a variety of available exemptions to the Texas Education Code. A school district must adopt an innovation plan in order to access these exemptions and districts may amend/change/extend an innovation plan through the same process utilized to adopt a plan. A school district's most recent academic performance rating must be at least acceptable in order to be eligible for designation as a District of Innovation.

INNOVATION EXEMPTIONS

Innovative Plan Exemption
<p>Uniform Start Date for Academic Calendar Texas Education Code §25.0811(a) does not allow school districts to begin school before the fourth Monday of August. This requirement restricts the local community from designing a calendar that best meets the needs of students and families. This requirement also limits the amount of instructional time available before state and Advanced Placement testing as well as inhibits true alignment with local community colleges providing dual credit courses. Exemption from this requirement allows NISD to collaboratively design an academic calendar based on the needs of and input from the community.</p>
<p>Minutes of Instruction Texas Education Code 25.081 replaces the requirement of 180 days of instruction with the requirement of at least 75,600 minutes of instruction (including intermissions and recesses). The flexibility to adjust minutes of instruction, within the required 75,600 minutes, allows NISD the possibility to adjust the length of school day, early release days, and professional learning days.</p>

Educator Certification Requirement for Teachers and Other Educators

Texas Education Code §21.003 and §21.053 outlines state certification standards for teachers. An exemption from these requirements allows NISD to issue a school district teaching permit to individuals who do not hold a teaching certificate, but whom the district deems best to teach in a particular area. NISD is committed to hiring the best staff available and lists “recruit, value, and retain exceptional staff to create a rewarding learning environment” as one of its district strategic goals. Occasionally, teachers are needed for positions that are difficult to fill. This exemption relates only to those positions the District identifies as difficult to fill and would be assessed on an individual basis. Staff hired under a school district teaching permit will benefit from the same rights and responsibilities as certified teachers within the district. After the required posting period and candidate interviews, the principal must specify in writing the reason for the request and document what specific credentials (i.e. experiences and expertise) the prospective teacher possesses that would qualify the individual to teach that subject(s). The superintendent must approve the selection and report the action to the Board at the first board meeting following the assignment. The District and local campus will assess appropriate training needs for any teacher hired under this exemption. Finally, this is a local certification only and does not transfer to another school district.

Campus Behavior Coordinator

Texas Education Code §37.0012 constrains campus governance by requiring one person at each campus to be designated to serve as the campus behavior coordinator. NISD utilizes a collaborative approach to discipline to foster the social and emotional learning of the student. This collaborative approach includes the parent, student, school administrator and counselor. Exemption from Texas Education Code §37.0012 allows NISD campus principals to divide and/or delegate campus behavior coordinator duties to assistant principals as needed and appropriate.

Removal of Unwanted Visitors

Texas Education Code §37.105, applies to rejecting unruly guests from campuses and school events. In 2017, the Texas Legislature changed the law on how school administrators can eject unruly guests from school events. This applies to parents and community members, not students. Under the law, the guest must be given a warning before he or she is ejected. Upon ejection, the guest must also be given notice of how he can appeal the ejection. NISD would allow designated staff members the authority to remove parents or visitors whose behavior is deemed inappropriate without warning or written notice.

Credit by Examination (CBE)

The Texas Education Code §28.023, allows students in primary grades to accelerate a grade level and students in secondary academic courses to earn credit for a course on the basis credit by examination. Credit-by-examination assessments (CBEs) must be approved by each local board of trustees. A student in grades 6-12 may be awarded credit based on performance on a CBE taken either with no prior instruction or with prior instruction. Students may not attempt to earn credit by exam for the same high school subject more than two times. This exemption would allow NISD the flexibility to create its own CBE process to meet the personalized learning of its students.

Minimum Days of Attendance

Texas Education Code 25.092 requires that students be in attendance a minimum of 90% of the school days to receive credit. While NISD believes strongly in student attendance, there may be a variety of ways to allow students to show mastery of a given course despite unforeseen circumstances that caused their attendance to fall below the 90% barrier. With a strategic goal that included personalized learning, instruction and learning platforms may be developed to allow NISD students a variety of options including those for non-traditional students.

Probationary Contracts for Experienced Teachers

Texas Education Code §21.102(b) states that a probationary contract may not exceed one year for a person who has been employed as a teacher in public education for at least five of the eight years preceding employment with the district. This period of time may not be sufficient to evaluate the teacher's effectiveness in the classroom since teacher contract timelines demand that employment decisions must be made prior to the availability of end-of-year classroom and student data. For experienced teachers, counselors, librarians or nurses new to NISD who have been employed in public education for at least five of the eight previous years, a second probationary contract may be offered when needed to benefit the teacher and students served. This action requires principal recommendation, in collaboration with the appropriate human resources administrator, and consideration and approval by the superintendent.

Teacher Mentors

Texas Education Code §21.458 requires that teacher mentors have three or more years of experience in the field. This limits the number of teachers who are allowed to serve as mentors and restricts teachers with exceptional skill or experience in the subject matter from sharing their knowledge with novice teachers. This is a need for NISD because of the rapid growth of the district.
