

December 10, 2021

Dear North Mianus Families and Staff:

Next week begins the big move-in! We are excited to be ahead of schedule and to help our students and staff begin to get adjusted before we leave for the December Holiday Recess. A special thanks to Director of School Facilities Dan Watson and our entire facilities team who have kept this project moving forward with a true sense of urgency, bringing the North Mianus community together again.

Here are the details for next week:

Friday, December 17

Early Release at 12:00 PM. Stamford Campus will load buses at 11:30 AM.

- The first grade is scheduled to take a field trip so that GPS staff can move their classrooms back into their renovated spaces and to make room for the third grade to move back into their classrooms from NM Stamford Campus.
- Movers will arrive at the NM Stamford Campus to begin moving all of the classrooms back to NM.
- Teachers will be able to tour their spaces and begin to work on items, such as bulletin boards.

Saturday and Sunday

Movers will continue to place furniture and boxes in the classrooms (teachers will not be in the building either day)

Monday, December 20

11:45 AM late arrival

- Teachers will continue setting up their classrooms with help from GPS staff and movers to be ready for school to begin at 11:45 AM.
- A three-hour delay means that if a bus normally comes at 7:30 AM, the bus will arrive at 10:30 AM.
- Please do not start arriving before 11:45 AM as teachers need the time to work in their rooms and prepare.

We are grateful for the patience and understanding, which has been shown throughout this long process by all of our staff, students, and families. Principal Schmidt and Assistant Principal Ramirez have been awesome leaders during this entire process. Have a wonderful weekend.

Dr. Toni Jones
Superintendent of Schools
