

School Safety and Discipline IS EVERYONE's Business

2021-2022

All students feel a sense of belonging in the JT learning environment which encourages emotional, social, and academic growth. Students are supported to use their voice to express their needs and demonstrate accountability by repairing harm done to others.

Equity Aspiration - Behavior

Restorative Justice

Restorative justice promotes values and principles that use inclusive, collaborative approaches for being in community. These approaches validate the experiences and needs of everyone within the community, particularly those who have been marginalized, oppressed, or harmed. These approaches allow us to act and respond in ways that are healing rather than alienating or coercive."

What this means for you...

As a student at JTHS you will:

- Be given the opportunity to speak and have a voice when it comes to your behavior*
- Be given the time and space to repair the harm that has taken place*
- Be given the supports needed*

What this DOES NOT mean...

We want to make it clear that you are and will be supported. However, this does not mean that there is no discipline or consequences for your actions.

Every action will result in an intervention or consequence
