

Eldersburg Elementary School

Collective Commitments

We will achieve our vision and accomplish our mission by:

- Helping students acquire necessary skills and knowledge to become lifelong learners.
- Holding students accountable to high standards: ones that will enable them to succeed in the 21st century.
- Collaborating and communicating with all stakeholders for the good of each student.
- Meeting students' diverse needs and interests by exposing them to enriching differentiated learning experiences.
- Creating a supportive and positive school climate by promoting and sustaining respectful interpersonal relationships which develop strong social skills.
- Fostering independent, creative, intellectual, and physical growth.
- Teaching children they are responsible for their actions, and those actions have consequences.
- Modeling lifelong learning: staff members will continue to grow, professionally.
- Empowering staff members to make professional decisions.
- Assessing student achievement and program effectiveness as an ongoing process by students and staff.
- Accepting all students as unique individuals, and providing them with equal opportunities to learn and be challenged.
