When using the car loop, please pull your car up as far as possible to prevent backup onto Highland Ave.

If your child needs assistance exiting the car, please wait to do so until you are **at the cone**. Once you are at the cone, please assist your child with exiting the vehicle **as quickly as possible**. If you anticipate needing more time to help transition your child, please park in one of the two lots.

There is no passing while in the car loop or either parking lot unless directed to do so by a staff member.

Thank you all for your attention to these procedures and for your patience during drop-off. Although backups are unfortunate, maintaining the safety of our students and families during arrival and dismissal is our main priority.
