## PRINCIPAL'S MESSAGE

We are approaching the midway point of the second marking period. Teachers must submit their grades on December 9. Students need to make sure that they are submitting work in a timely manner if they want their grades to be an accurate reflection of their work.

Interims will be posted on Parentvue and Studentvue on December 13. If your student needs assistance for their classes, please encourage them to communicate with their teachers about how they can improve their grades. MiniNEST is a great opportunity for students to receive support directly from their teachers. In addition, grade-level administrators and school counselors are great resources to help our students find ways to be successful in their classes. Please use these valuable resources to support learning.
