ADDITIONAL COMMENTS HERE

Kentucky Department of Education definition of a student with a significant cognitive disability:

As outlined in the Kentucky Alternate Assessment Participation Guidelines Documentation form, students with the most significant cognitive disabilities:

- Meet eligibility criterion in one or more of the existing categories of disabilities under IDEA (e.g., intellectual disabilities, autism, multiple disabilities),
- Have cognitive and adaptive behavior functioning preventing them from attaining grade level achievement standards, even with program modifications and accommodations,
- Require extensive individual instruction across multiple settings to access and make progress in the Kentucky Academic Standards, and to maintain, generalize and demonstrate learning,
- Have a significant cognitive disability that is not primarily the result of:
 - o excessive or extended absences
 - o disability related to visual or auditory disabilities, emotional-behavioral disabilities, specific learning disabilities, speech and language impairment
 - o native language, social, cultural, and economic differences,
 - o those identified as English Learners (EL)
 - o pre-determined poor performance on the grade-level assessment
 - o the student displays disruptive behaviors or experiences emotional duress during testing
 - o administrator decision
 - o educational environment or instructional setting

Learner Characteristics Inventory

Kearns, J., Kleinert, H., Kleinert, J., and Towles-Reeves, E. (2006). *Learner Characteristics Inventory*. Lexington, Kentucky: University of Kentucky, National Alternate Assessment Center.

1. Student's primary IDEA disability label:

- Intellectual disability
- Multiple disabilities
- Autism
- Speech or Language Impairment
- Hearing impairment
- Visual impairment, including blindness
- Traumatic brain injury
- Emotional disability
- Deaf-blindness
- Other health impairment
- Orthopedic impairment
- Specific learning disability
- Other

2. Is your student's primary language a language other than English?

- Yes
- No

3. What is the student's primary classroom setting?

- Special school
- Regular school, self-contained special education classroom, some special inclusion (students go to art, music, PE) but return to their special education class for most of school day.
- Regular school, *primarily self-contained special education classroom*, some academic inclusion (students go to some general education academic classes (such as reading, math, science, in addition to specials) but are in general education classes less than 40% of the school day).
- Regular school, *resource room/general education class*, students receive resource room services, but are in general education classes 40% or more of the school day.
- Regular school, *general education class inclusive/collaborative* (students based in general education classes, special education services are primarily delivered in the general education classes) – at least 80% of the school day is spent in general education classes.

4. Expressive Communication (check the best description)

- Uses symbolic language to communicate: Student uses verbal or written words, signs, Braille, or language-based augmentative systems to request, initiate, and respond to questions, describe things or events, and express refusal.
- Uses intentional communication, but not at a symbolic language level: Student uses understandable communication through such modes as gestures, pictures, objects/textures, points, etc., to clearly express a variety of intentions.

Student communicates primarily through cries, facial expressions, change in muscle tone, etc., but no clear use of objects/textures, regularized gestures, pictures, signs, etc., to communicate.

5. Does your student use oral speech to communicate? (student uses his/her vocal cords to produce words)

- Yes
 No

6. Does your student use an augmentative communication system in addition to or in place of oral speech?

- Yes
 No

7. Receptive Language (check the best description)

- Independently follows 1-2 step directions presented through words (e.g. words may be spoken, signed, printed, or any combination) and does NOT need additional cues.
 Requires additional cues (e.g., gestures, pictures, objects, or demonstrations/models) to follow 1-2 step directions.
 Alerts to sensory input from another person (auditory, visual, touch, movement) BUT requires actual physical assistance to follow simple directions.
 Uncertain response to sensory stimuli (e.g., sound/voice; sight/gesture; touch; movement; smell).

8. Motor (check the best description)

- No significant motor dysfunction that requires adaptations.
 Requires adaptations to support motor functioning (e.g., walker, adapted utensils, and/or keyboard).
 Uses wheelchair, positioning equipment, and/or assistive devices for most activities.
 Needs personal assistance for most/all motor activities.

9. Engagement (check the best description)

- Initiates and sustains social interactions.
 Responds with social interaction, but does not initiate or sustain social interactions.
 Alerts to others.
 Does not alert to others.

10. Health Issues/Attendance (check the best description)

- Attends at least 90% of school days.
 Attends approximately 75% of school days; absences primarily due to health issues.
 Attends approximately 50% or less of school days; absences primarily due to health issues.
 Receives Homebound Instruction due to health issues.
 Highly irregular attendance or homebound instruction due to issues *other* than health.

11. Reading (check the best description)

- Reads fluently with critical understanding in print or Braille (e.g., to differentiate fact/opinion, point of view, emotional response, etc.).

- Reads fluently with basic (literal) understanding from paragraphs/short passages with narrative/informational texts in print or Braille.
- Reads basic sight words, simple sentences, directions, bullets, and/or lists in print or Braille.
- Aware of text/Braille, follows directionality, makes letter distinctions, or tells a story from the pictures that is not linked to the text.
- No observable awareness of print or Braille.

12. Mathematics (check the best description)

- Applies computational procedures to solve real-life or routine word problems from a variety of contexts.
- Does computational procedures with or without a calculator.
- Counts with 1:1 correspondence to at least 10, and/or makes numbered sets of items.
Counts by rote to 5.
- No observable awareness or use of numbers.
