September 2019

Principal's Message

School has gotten off to a great start. Our students are working hard and we are sure that hard work will pay off. I want to encourage everyone to read with their child daily. I also want to stress the importance of attendance. Unless they are sick, we need all of our students at school ready to learn every day. A major focus this year is we need parents and guardians involved in their child's learning. If your child is struggling, please contact the school to find out what you can do to help them succeed. For our students to be successful, we all have to work together. I'll leave you with our mission statement, "Making Children Ready for a Changing World."
