

Our reading proficiency was above state average. Our boys basketball team recently won a county championship. We offer numerous opportunities for our students to receive awards and recognitions including: academic awards for excellence in content areas, sports banquet, preschool graduation, attendance rewards and incentives, sixth grade honors program, literacy nights, a Redskin Showcase, and a school play. Our sixth-grade academic team was regional runner-up. Our fourth and fifth grade academic team was district runner-up and was third in the region. The quick recall team was district champions and was regional runner-up. Our history bowl team won the county-wide elementary competition.

To give students extra support, we continue to refine and adapt our MTSS program to meet student needs both in-person and virtually. Through our MTSS program we progress monitor using the Fountas and Pinnell program and running records. In reading, we have implemented the Wit & Wisdom curriculum. We supplement the core curriculum with the use of Lexia, Reading Plus, and Reading A to Z computer-based interventions to meet individual student needs. We are utilizing Eureka Math curriculum, and we use Dreambox and Zearn computer-based interventions to meet individual student needs.
