The following analytical report covers the analysis performed on samples submitted to EMSL Analytical, Inc. on 9/28/2021. The results are tabulated on the attached data pages for the following client designated project:

21-206 Bridgewater Raritan - Milltown School

The reference number for these samples is EMSL Order #012111225. Please use this reference when calling about these samples. If you have any questions, please do not hesitate to contact me at (856) 303-2500.

Approved By:

10/12/2021

Phillip Worby, Environmental Chemistry **Laboratory Director**

The test results contained within this report meet the requirements of NELAP and/or the specific certification program that is applicable, unless otherwise noted. NELAP Certifications: NJ 03036, NY 10872, PA 68-00367, CA ELAP 1877

The samples associated with this report were received in good condition unless otherwise noted. This report relates only to those items tested as received by the laboratory. The QC data associated with the sample results meet the recovery and precision requirements established by the NELAP, unless specifically indicated. All results for soil samples are reported on a dry weight basis, unless otherwise noted. This report may not be reproduced except in full and without written approval by EMSL Analytical, Inc.
