

2022-23 School Readiness Classes

2022-23 School Readiness Classes

- We provide a preschool program for children to participate on their own with a child educator and educational assistants.
- We are 4 Star Parent Aware Rated, the highest rating by Minnesota's Quality Rating and Improvement System

Curriculum: Research based High Scope Curriculum and Second Step Early Learning Social-Emotional Curriculum: implemented in classes, we teach children to discover, initiate, experience, and learn about ideas, events, and people through creating, experimenting, problem solving, and resolving conflicts as they learn. This approach enhances each young person's growth in the foundations of academics as well as in social-emotional development.

On-going Assessment: Child Observation Record (COR): on-going anecdotes on each child's development are noted daily and opportunities are planned and provided to promote development. The development of each child is discussed with his or her parents/guardians on-going and at fall and spring conferences.

Classes run September to May.
