**300-6 SELECTION OF COACHES AND SPONSORS**

Every effort shall be made by the school principals to fill coaching positions by qualified teachers within their school buildings.

If that is not possible, consideration may be given to teachers from other District schools. However, before a coaching position can be offered to a teacher in another school, the Superintendent, or his designee, shall review the matter in order to determine that the assignment is in the best interest of the School District.

If otherwise qualified teachers within the District are not interested in a particular position, the principal, in their discretion, shall seek to employ a person other than a teacher within the School District.

The Superintendent shall promulgate guidelines concerning released time for coaches.
