HOLLISTON

The Holliston School Committee recognizes that there may be conditions in the school system that are in need of improvement and that students should have some means by which their concerns may be effectively expressed, considered and dealt with fairly.

Various mechanisms for collecting student feedback, such as: active student councils, student surveys, suggestion boxes (onsite and online) will be employed and this feedback will be solicited on an annual basis, though students are encouraged to use the feedback mechanisms whenever they have a concern.

Students, and their parents and/or guardians are encouraged to bring forward their concerns by following the procedures outlined in the appropriate student handbooks. Concerns may ultimately be referred to the Superintendent and on to the School Committee if a policy needs to be amended or developed.
