---------------	--------------------------------------	---------------------------

***HOLLISTON***

Holliston Public Schools will keep **confidentiality** as a strong underlying principle in all its policies and procedures relating to educational records. State and federal laws define how these records must be kept in regard to confidentiality, inspection, amendment and destruction.

Parents/guardians will be given the opportunity annually to request that student information not be released to any outside or school-based organizations.

However, in the case of a health or safety emergency, the school may release information to appropriate parties, if, in the judgment of the school principal or designee, knowledge of this information is necessary to protect the health or safety of the student or other individuals.
