30. I understand that, upon placement in the immersion program, my child will be placed in an immersion feeder program through Elementary and Junior High School. I also understand that it is possible that immersion schools and school boundaries may change over time, in which case I would still be responsible for my child's transportation to and from the immersion school. *

If a student is not excelling in their academics at an expected rate, the teachers and administrators will assess whether it is a language problem (student is having difficulty understanding the language) or an academic problem (the child understands the language but needs extra support in understanding the content). If it is determined that the child's academic problems exist because of the language, then placement in a traditional English class will be suggested. If it is found that the child understands the language of instruction, but needs more support in the content area, then it will be suggested that the child remain in the immersion class, and interventions be added to their educational plan. *
