Carmel Clay Schools

The Carmel Clay School Corporation, comprised of 11 elementary schools, three middle schools and one high school, lies in the upper-middle class suburb of Carmel, Indiana, just north of Indianapolis. The city population is approximately 99,000 (2020 U.S. Census Bureau).

Carmel Clay Schools has earned district accreditation from **AdvancED**, the most rigorous school accreditation organization in the United States.

Carmel High School

Carmel High School is a four-year comprehensive high school serving approximately 5,300 students in grades 9-12. The Class of 2022 has approximately 1,400 students currently enrolled. From our total enrollment, approximately 30% report being part of a racial group other than White. Of those groups, approximately 15% are Asian, 6% are Hispanic, 4% are Black, 4% are Multiracial and the remaining 1% are American Indian, Native Hawaiian or other Pacific Islander.

Carmel High School has a **Special First Class Commission** from the Indiana Department of Education (DOE). CHS is also designated as a **Four Star School** with the Indiana DOE, as well as a 2004 **No Child Left Behind Blue Ribbon School**.

The faculty consists of 330 teachers, administrators and counselors. Nearly 60% have earned masters or advanced-level degrees.

Since 1995, CHS has been on a Block Eight schedule of four 90-minute class periods per day, alternating every other day. The year is divided into two semesters.

Freshman students are served in a Freshman Center, and are assigned to one of four Freshman Counselors during their first year. Students in grades 10-12 are assigned alphabetically to one of eleven counselors for their final three years of high school. A College & Career Programming Coordinator and two part-time College & Career Advisors provide post-secondary planning support to students in all grades.

Mission

The Carmel High School family strives to create a positive environment in which all are challenged and inspired to achieve their potential.

Grading and Class Rank

Carmel High School implemented weighted grades beginning in the summer of 2007. The GPA calculations include 0.5 additional quality points for honors courses in the core academic areas and 1.0 additional quality points for AP, IB or Dual Credit courses. Courses can be retaken in order to improve the grade and are designated on the transcript with a (R) next to the original grade. The original grade is no longer factored into the cumulative GPA. Carmel High School does not rank.

CHS Grading Scale:

93-100	A	80-82	B-	67-69	D+
90-92	A-	77-79	C+	63-66	D
87-89	B+	73-76	C	60-62	D-
83-86	B	70-72	C-	0-59	F

Diploma Requirements

Students are required to earn a minimum of 40 credits to graduate. Each semester course is worth 1 credit, unless otherwise indicated on the transcript. Students must also pass statewide graduation qualifying assessments associated with their graduation year.

Senior Transition to College Program

The Senior Transition to College Program (TCP) provides CHS seniors with an opportunity to pursue rigorous coursework during their senior year while experiencing a schedule and level of independence similar to that found in a college environment. Participants are required to enroll in the equivalent of at least four fully-weighted year-long courses selected from an approved list (including AP, IB and dual credit coursework). To participate in the program, seniors must have successfully completed at least one fully-weighted course prior to senior year, be on track to earn the Indiana Academic Honors or Technical Honors Diploma and have standardized test scores at or above the benchmarks for College and Career Readiness. Some TCP students have "release periods" included in their senior schedules, providing them with time to study, work, volunteer, fulfill extracurricular responsibilities and/or seek assistance from teachers.

COVID-19 Considerations

During the Spring 2020 semester, CHS ceased in-person instruction on March 13th and moved to 100% virtual instruction through the end of the semester. During this time, CHS maintained our block schedule with courses being delivered in a combination of synchronous and asynchronous formats. During the 2020-21 academic year, students were offered the option of 100% virtual instruction with a limited selection of courses or a hybrid schedule that allowed them to attend school in-person every other day. Our 100% virtual courses were delivered in a variety of ways, including self-directed, teacher-led synchronous, and teacher-led asynchronous. Our hybrid cohort students followed our block schedule, but they participated in virtual learning every other day that was completely asynchronous in format. All students were held accountable for their virtual attendance and performance based on teacher-established expectations and procedures.
