It is the policy of the Chartiers Valley School District to comply fully with all state-mandated health screening as well as medical and dental examinations required for school-aged children. These health screenings are described below, and are performed throughout the school year.

- Each child will receive vision testing, assessing near and distant vision, each school year. Color perception, depth perception and convex lens testing are assessed at specific grade levels.
- Each child in kindergarten, first, second, third, seventh and eleventh grade will receive a hearing test.
- Each child will be weighed and measured annually. BMI (body mass index) will be calculated each year and reported to parents.
- Scoliosis screening for sixth and seventh graders, as required by the Department of Health, will be done.

The School Health Act of Pennsylvania also requires that:

- Each child have a physical examination upon initial entrance to kindergarten or first grade, sixth and eleventh.
- Each child have a dental examination in kindergarten, third grade and seventh grade.
- Children transferred from other school systems, regardless of grade, have a dental and physical examination report on file.

These examinations should be done by your family physician/dentist. If private care is not possible, physical and dental examinations may be done at school.

If your child needs a physical or dental examination to be completed at school, the parent will be notified in advance. Children whose dental or physical examinations are not completed and returned by **December 1**, will be scheduled for the examination at school. **Sports physicals will not be completed by the school doctor.**

I understand that my child, _____, will be given the full services as indicated above. I understand I will be notified of any matter(s) needing attention.

I have read, understand, accept, and will abide by the Charters Valley School District's ("district's") Acceptable Use of Internet Access, E-mail and Network Resources Policy ("policy"). I further understand that any violation of this policy is unethical and may constitute a criminal offense. I understand that use of the Internet and access to e-mail is a privilege and not a right. I agree that I have no expectation of privacy and no right to privacy when I use the district's computers; I acknowledge that all aspects of my use of the district's computers is subject to monitoring and review without cause and without notice; and I consent to the monitoring and review of all aspects of my use of the district's computers. I understand that any violation or inappropriate conduct may result in termination of my access privileges, other disciplinary action and/or legal action.

I understand that the district makes no assurances of any kind, whether express or implied, regarding any Internet or e-mail services. I further understand that the use of any information obtained via the Internet and/or e-mail is at my own risk; that the district specifically disclaims responsibility for the accuracy or quality of such information; and that the district is not, and will not be, responsible for any damage or loss which I suffer.

PARENTS/GUARDIANS AGREEMENT

Due to the nature of the Internet and e-mail, it is neither practical nor possible for the district to ensure compliance at all times with the district's policy. Accordingly, parents/guardians must recognize that each student will be required to make independent decisions and use good judgment in his/her use of the Internet and e-mail. Therefore, parents/guardians must participate in the decision whether to allow their child access to the Internet and e-mail and must communicate their own expectations to their child regarding appropriate use of the Internet and e-mail.

As the parent/guardian of _____, I acknowledge that I received and understand the district's policy and the district's Internet, E-mail and Network Access Agreement being signed by my child.

I understand that Internet and e-mail access is designed for educational and instructional purposes and that the district will discourage access to inappropriate and objectionable materials and communications. However, I recognize it is impossible for the district to prevent access to all inappropriate and objectionable material, and I will not hold the district responsible for materials acquired or contacts made through the Internet or e-mail. I understand that a variety of inappropriate and objectionable materials are available through the Internet and e-mail and that it may be possible for my child to access these materials if she/he chooses to behave irresponsibly. I also understand that it is possible for undesirable or ill-intended individuals to communicate with my child over the Internet and e-mail; that there is no practical means for the district to prevent this from happening; and that my child must take responsibility to avoid such communications if they are initiated. While I authorize the district to monitor and review all communications to or from my child on the Internet and e-mail, I recognize that it is not possible for the district to monitor and review all such communications. I have determined that the benefits of my child having access to the Internet and e-mail outweigh potential risks. I understand that any conduct by my child that is in conflict with these responsibilities is inappropriate, and that such behavior may result in the termination of access, disciplinary action and/or legal action.

I have reviewed these responsibilities with my child, and I hereby grant permission to the district to provide my child with Internet and e-mail access. I agree to compensate the district for any expenses or costs as a result of my child's violation of the policy or its administrative procedures; and I further agree that I will not hold the district responsible for any matter arising by reason of or relating to: (1.) my child's violation of the district's policy or (2.) any materials acquired by my child, or contacts made by or to my child, through the Internet or e-mail.
